facilities. Those who were unable to attend the open house are cordially invited to make a personal visit to the YMCA and will be given tours of the building.

The YMCA will be formally dedicated Sunday, June 20, when former Governor and Secretary of Commerce Luther H. Hodges will make the dedicatory address.

In the building fund campaign late in 1969, slightly over \$900,000 was raised, with \$400,000 of this coming from a challenge gift from the Fieldcrest Foundation. In the fund drive, the employees of Fieldcrest Mills gave or pledged \$220,000, exceeding their original goal of \$150,000.

Called the Eden YMCA Family Center, the new "Y" offers its members over 150 activities including clubs, classes, teams and camps. The comprehensive recreational program is designed to meet the needs of the entire family, children and parents, young and old, providing for physical fitness, recreation and relaxation.

Fieldcrest employees in the participating mills have a greater knowledge of hand safety principles and a greater awareness of the importance of hand safety. These they are successfully applying in their day-to-day activities," K. R. Baggett, safety director, said.

With June the last month of the campaign in Eden, Fielddale and Salisbury, activities to be featured include five-minute safety talks by the supervisors and the presentation to each employee of a "Skruzit" pocket screwdriver as a memento of the campaign.

Mr. Baggett said he hoped that the things learned in the special campaign will be consistently practiced by employees during their working experiences. "If this is done, it will place us one step nearer to the Fieldcrest safety objective of "Stop Hand Injuries," he said.
