**BLANKET MILL** — Bill Cochran, Oliver Turner, Charles Terry, Jr., captain; Wayne Gilley and Marvin Wilson. Fred Robertson, other member of the team, is not shown.

## 12 Teams Participating In Men's Thursday Evening League

Where's the action?

It's at the Bowling Center, Eden, each Thursday evening when 12 teams compete in the Fieldcrest Men's Evening League. The 12 teams make up a capacity number with interest running higher than ever before.

Sheeting Spinning and Blanket Warehouse are tied for the lead in the "B" division with 23-13 each. Next is the Karastan Service Center with 22-14. Other standings are Blanket Mill 15-21; Research and Development, 15-21; and Bedspread Finishing, 7-29.

Currently on top in the "A" division is the Sheeting Mill with a 21-15 record. The runner-up is the Bedspread Mill with 20-16. Others are Industrial Engineering, 19-17; Blanket Finishing, 18-18;

Karastan Shop, 17-19; and Karastan Weave, 16-20.

In commenting on the high interest in bowling this season, George Minter, league president, attributed much of it to improvements at the Bowling Center, which is under new management. He pointed out that the facilities have been upgraded and a new bowling program started. Future plans are to add six lanes, he said, to prevent some of the present waiting.

"Things have been improved so much that it is a pleasure to go there and bowl," Mr. Minter said. "They've put in a grill which starts serving breakfast at 5:30 every morning and the grill stays open until the Bowling Center closes. This makes it very convenient because you don't have to go out if you want something to eat."
