

Eden United Fund Sets Goal Of \$146,000

The Eden United Fund will seek \$146,000 in contributions from corporations and individuals to support its 11 member agencies during 1973.

This figure was given final approval by the United Fund budget committee Monday night, August 21. It is \$4,000 less than the 1972 goal, but more than the \$130,503 raised a year ago.

Employees of Fieldcrest Mills, Inc. contributed \$90,011 in last year's campaign. The Company, through the Fieldcrest Foundation, gave an additional \$9,000.

Robert L. Moore, a regional person-

nel manager at Fieldcrest, is vice president of the United Fund and this year's general campaign chairman. Camille F. Perkins, associate editor of The Mill Whistle, is publicity chairman.

At the August 21 meeting, Mr. Moore announced other appointments in the campaign organization as follows: Mrs. Bobby Brooks, executive secretary; Dick Tucker, of Anaconda, industrial chairman; Jimmy Wright, of NCNB, general solicitations chairman; and Jess Burchell, of Wall Insurance Agency, special solicitations chairman.

In addition to Mr. Moore, other 1972

United Fund officers are Lyman Collins; president; Rex Rouse, treasurer; and Richard Robertson, secretary.

The kickoff luncheon for this year's campaign will be held on September 25. Plans now call for an October 18 campaign deadline.

One new agency, the 4-H Club County Council, has been included in the Eden United Fund this year.

Other agencies supported by the Fund are the Eden Child Development Center, Boys' Club, Boy Scouts, YMCA, Girl Scouts, American Red Cross, Rescue Squad, Retarded Children, Salvation Army, and Carolinas United.

Fieldcrest's Fall '72 Collections Have Strong Appeal

(Continued from Page One)
Columbia Pictures' new film "Living Free", Fieldcrest is marketing a collection of the same name featuring Elsa and her three lion cubs as depicted in the film.

The bedspreads, sheets, towels and rug are charming interpretations of the cubs in natural settings of Kenya.

With a safari-like theme, the sheet is a mural treatment of the Serengeti Plain of Tanganyika where Elsa's cubs are allowed to live free.

With inspiration from three corners of the world, Finland, France and Africa, the new Fieldcrest Fall collections are truly an international design statement.
