

THE MILL WHISTLE

Vol. 32 Eden, N. C., September 24, 1973 No. 6

Cleaner Water To Be Result Of Additions

The \$1-million improvements to the waste water treatment plants at the Bedsread and Sheet Finishing Mills at Eden and the Laurelcrest Carpet Plant at Laurel Hill are expected to be completed by the end of 1973.

The improvements in the two sewage treatment plants are being made in order to meet the most recent water quality requirements set by the federal Environmental Protection Agency.

The Bedsread and Sheet Finishing Mills are Fieldcrest's only Eden mills which are located outside the city limits and whose waste water does not go through the municipal treatment plants. The Laurelcrest Carpet Plant is also

Phillip Dickerson, left, Fieldcrest's fastest warp doffer, and Monnie Wilkie, Burlington Industries' champion, are shown prior to their final round of competition.

But Loses Overall Round

Dickerson Wins Home Doff-Off

Phillip Dickerson, Fieldcrest's fastest warp doffer, defeated Monnie Wilkie, Burlington Industries' doffing champion, in the "home" round of the doff-off at the Bedsread Mill.

But, despite his valiant efforts, he was unable to overcome the large lead gained by Mr. Wilkie in the "away" part of the doff-off at Burlington's Caroleen plant one week earlier.

Under the rules of the National Superdoffer Tournament, each company champion was required to doff three frames at his opponent's mill and three frames in his home plant. The total times for the six frames determined the winner.

With few exceptions, the doffers lost when competing away from home and won when doffing on their home frames. In

the Fieldcrest-Burlington contest, Mr. Dickerson beat Mr. Wilkie by about three minutes at Eden, reducing Mr. Wilkie's margin to approximately 6.5 minutes for the combined six frames, home and away.

Mr. Dickerson was eliminated from further competition in the National Superdoffer Tournament. Mr. Wilkie, by virtue of his victory here will go on to compete against Earl Pearson of Highland Cotton Mills, Inc., High Point, in the third round of the eliminations.

If he wins at High Point he will be another step closer to the national title which carries a cash prize of \$1,600 for first place and \$800 for the runner-up. Similar prizes will be awarded in the filling competition. The

Eden United Fund Campaign Gets Under Way October 1

The United Fund campaign in the Eden plants and offices will open Monday, October 1, simultaneously with the community-wide campaign which has as its goal \$151,700 for the support of the 11 health, welfare, recreational, and character-building youth services included in the fund.

Raymond O. Endicott, manager of industrial engineering services, will serve as chairman of this year's campaign at Fieldcrest Mills, Inc., in Eden. Thomas P. Webster, Jr., manager of

general accounting, will be the vice chairman. Ted L. Spencer, manager-office systems, will be in charge of all record-keeping, will tabulate the results and issue reports.

Division vice presidents of Fieldcrest are chairmen for their respective divisions with the plant managers and the major staff department heads serving as co-chairmen.

Each employee in the Fieldcrest plants and offices will be contacted and invited to pledge a contribution in the campaign which will open on

Monday, October 1, and continue throughout the week.

The gifts by Fieldcrest employees and the company are again expected to be an important factor in insuring the success of the overall campaign.

Fieldcresters, along with the employees of other firms in

Color TV Set To Be Prize

The Fieldcrest employee who wins the grand prize in the drawing among those who pledge a "Fair Share" to the Eden United Fund will receive a 23-inch screen Zenith color television set.

Other valuable prizes will be awarded among the "Fair Share" contributors, including a large number of \$15 gift certificates good for the purchase of company merchandise.

Drawings will be conducted among those who pledge a "Fair Share" in each mill division and in the staff departments. Several gift certificates will be awarded in each mill division.

In addition, the names of all employees, mill and staff, who

GIRLWATCHERS DELIGHT — Everybody loves to watch pretty girls and Fieldcrest has its share of both pretty girls and avid girlwatchers. These two attractive subjects were photographed at the recent safety barbecue held for employees at the Karastan Rug Mill.
