No. 9

Eden Employees Give \$128,200 To United Fund

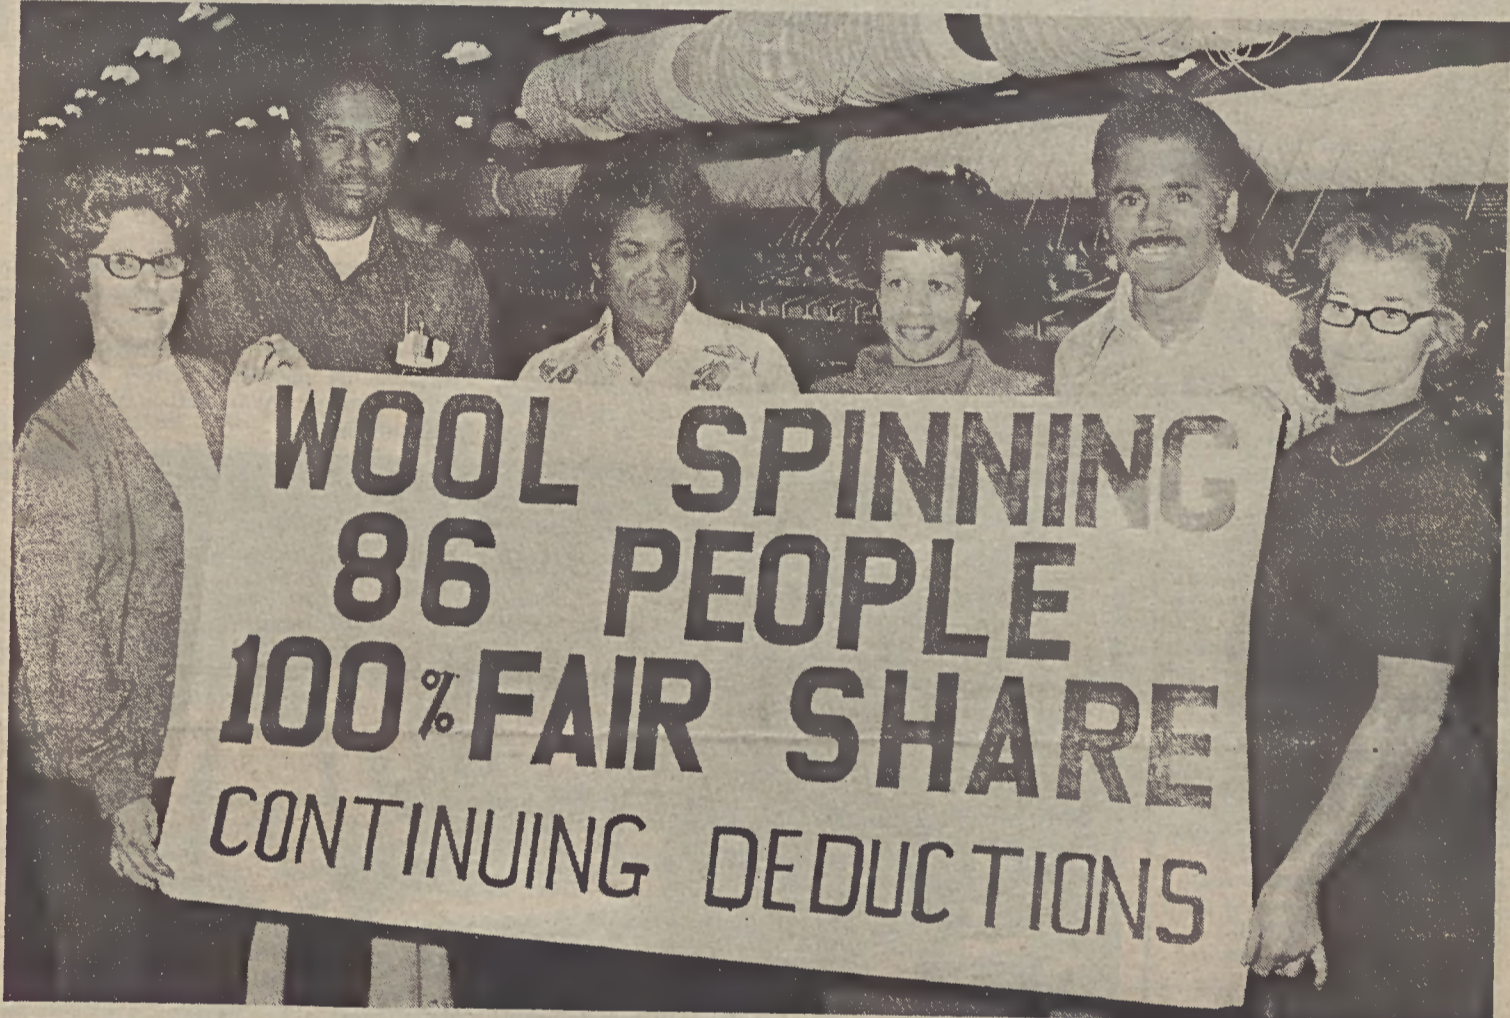

Employees of Fieldcrest Mills, Inc. gave a total of \$128,200 in the Eden United Fund campaign, an increase of 18 percent over last year's contributions of \$108,136. In addition, the company through the Fieldcrest Foundation gave \$10,000, making a combined gift of \$138,200 by the employees and the company. The combined contribution amounts to 73 percent of the overall community goal of \$189,000.

With 4,216 people on the payroll, compared with 4,291 last year, 3,441 or 81.6 percent contributed a Fair Share. A total of 3,732, or 88.5 percent, participated by giving some amount. The average gift among all who participated was \$34.30 compared with \$30.83 last year. The Bedsread Division with 91.4 percent of the employees contributing a Fair Share was the top division. It was the second consecutive year for the Bedsread Division to win this honor.

Prior to last year's campaign, the Blanket Division for six consecutive years had the highest percentage pledging on the Fair Share basis. The Blanket Division was the runner-up in this year's campaign with 86.2 percent of the employees giving a Fair Share.

The Sheet Division had 75.2 percent of Fair Share givers and the Karastan Division, 65.0 percent. The percentage for all manufacturing employees was 69.8 percent.

In the staff departments, 91.8 percent of the employees contributed on the Fair Share basis. In a number of the mill and staff departments and submits 100 percent of the em-

Fund Prize Winners Announced

Fair Share contributors to the Eden United Fund were awarded a total of 42 prizes in drawings conducted at the various mills. All winners received \$20 gift certificates good for purchases at the Fieldcrest Store.

In a new arrangement this year, instead of a grand prize a larger number of gift certificates were awarded in each division. Also, the value of the gift certificates was increased from \$15 to \$20.

Five extra prizes, making a total of 12, were given in the Bedsread Division which had the highest percentage (91.4 percent) of employees pledging a Fair Share.

Winners in all divisions have been announced as follows:

Bedsread Finishing — Malina W. Pass, Elnora K. Rhodes, Mildred L. Rickman, Hattie A. Pritchett.

Swine Flu Shots Scheduled

Employees at the Phenix City Plant, Phenix City, Ala., are to receive swine flu shots Tuesday, November 16, administered by personnel of the Fieldcrest Medical Department.

Also, the swine flu immunizations will be given at Smithfield and Laurel Hill on Monday, Tuesday and Wednesday, November 22, 23, and 24. More

detailed announcements will be posted on the mill bulletin boards.

Dr. Charles G. Young, corporate medical director, said dates for giving the swine flu shots at Eden and Fieldale, Va., have not been set due to the uncertainty of the availability of the vaccine from the public

Chairman Thanks Employees

TO FIELDCREST EMPLOYEES:

I would like to take this opportunity to thank each of you for the outstanding contribution you have just made to our United Fund Campaign. Of the many communities I have visited, none has done what you have just accomplished in five short weeks.

I know there is no organization which can compare to the generous program the Fieldcrest employees have. Like the fine quality products of your company which are known far and wide, the reputation of the people making these products is also known extensively for their generosity.

The member agencies receiving these gifts have asked that I express their appreciation for your efforts. They have committed themselves to doing the very best possible with the gifts they are receiving to help make Eden a better place to live.

Each of you can be very proud of the part you are playing in the growth of the best city in North Carolina.

Thanks to you, it's working,

TOM McELHANNON
Campaign Chairman
