BASKETBALL-HIKING

Basketball really has gotten started good now. The Junior-Senior Game really brought out the class spirit. During the first half the game was close, and it looked as if the score would tie. But, then, in the last half the Seniors picked up and "Sut" decided it was time to make a few goals. The final score revealed the Seniors ahead 29 to 19.

We have had a good crowd down everyday, and even Miss "Coop" played with us. She just about wore us all out and herself, too, but it really was fun. How about doing it again, Miss "Coop"? We certainly learned a lot.

We owe a lot of our spirit and fun to our head of basketball, "Mamie" Mathewa, because she's worked hard and talked this sport up--Come on, girls, back her up now!

If you can't play for some reason, come on down and cheer for your tribe and watch the little Briggs Twins run around. They'll probably make you dizzy, but it's fun if you can keep up with them. Talk about something amusing! It's really a sight to see "Gally" hobble around on one leg. Girls, let's support our team by yelling, if we can't play.

THE WASHINGTON BIRTHDAY PARTY

What next? Well, just hold your breath because this is really something. On Saturday night, February 26, the SUN DIAL Staff is sponsoring the annual Washington Birthday Party. The old girls remember what a wonderful time they had last year and all the costumes they saw. This year it is going to be in Assembly Inn. So keep your eyes and ears open and you'll be hearing more.

Now that the final rounds of indoor sports have been played off with the victors boasting lots of points toward that cherished letter, our attention is centered on the gym where basketball practice is getting well under way. This means that all you Mohawks, Cherokees, Hiwassees, and Choctaws should be down on the basketball court getting ready for the time when we shall have to determine who is all-powerful in the realm of basket tossing. Each tribe has splendid prospects, and it looks as if the tournament is going to show very much competition. The teamwork is improving daily and the chances for loads of fast floorwork and action look great. However, we cannot emphasize too much the necessity for each member of the tribe to be there every time her team practices, regardless of her playing ability, for substitutes are necessary and you can never tell when you might be needed.

The big event which we all had been looking forward to happened on Saturday night, January 29, and the Junior-Senior Basketball game was just as thrilling as we had been promised it would be, for the Juniors certainly gave the Seniors a good fight. The score was close until the final quarter when, with a mighty effort, the Senior forwards pushed ahead and were able to ring up enough goals to win.

Signals!! 2-4-6-8!! Hike!! Yes, hike is right; you have to get in those 30 miles for this last hiking month by Tuesday, and if you have already gotten those in, be sure that you stay in the hiking club by getting fifteen miles per month from now on so that you can go on the over-nighter to Mt. Mitchell. These spring-like days certainly won't let you stay indoors all the time, so GET OUT AND WALK!!!
