It is rearlably easy to loop the lall through the not from this position (isn't it Ziiss Made and Miss finitmer?)

There were numerons othereiscoveries and novelties connected wh this grameMr. Hillor must be \& wencelful cookball player because he mace two uritacklod touch dowins.... The faculty revli, didn't need a captain becance the crealis on the side lines erecinusly cors a 0 call the substicutionc. Finu-1.j euting all of trat team on thon, whilo some of the players from Ye Bourd had to be substituted bccausc of, un accumulation of fowls (or was that just an cxousc for them to get out of the gamo alive).

There is still another important result of this game, and that is--me are positive that Montrees has faculty the best sports of any sohool in the country. Go also tele our heits of 1 to the (cont dijt 4)
