

ATHLETICS

Hiwasses Triumph In College Tournament . . .

With many shrieks and yells from the side lines and tribe spirit beaming forth from everyone's face, the soccer tournament ended in a buzz of excitement. Yes, from the very first game all the tribes fought hard to win, never giving up nor showing lack of good sportsmanship. It was impossible to tell which tribe would win until the very last game. Congratulations to the Hiwassee tribe!

The Varsity and "M" Club game on Thanksgiving Day was also a very exciting game. Both of the teams had grand players, but neither team scored.

Now that cold weather is here (Brrr!!), indoor sports are much more appealing. These games will

be in Anderson Chapel for a while, but plans are being made to use the lower part of the cafeteria for this purpose as soon as it can be heated.

Basketball will be the main sport after Christmas, so they are now having beginners' classes for those who have never played before. If you don't know how to play just go down to these classes. The game is easy to learn and loads of fun!

Speaking of basketball, I hear that our gym is going to be heated this winter, so we will have a nice, warm place to play in this year. Sounds great, doesn't it? The gym has also undergone quite a few other changes since last year.

BASKETBALL BEGINS AFTER APACHES TAKE SOCCER HONORS

Old man winter has settled in Montreat for the year and soccer has been placed on the shelf until another glorious season rolls around. The Apaches walked off with first place honors in the tournament with the Blackfeet right on their heels. The Chickasaws and Sequoias tied for third place and the Shawnees, even with all their fine playing, were the last in line.

The climax of the season was at Thanksgiving when the Varsity team met the "M" Club and defeated them for the first time in four years.

Another exciting moment came

when the Junior and Senior teams fought it out in a thrilling night game. The same night the Board, "M" Club, and Miss McElroy gave a party and initiated all the new Board and "M" Club members. The moans and screams you heard should have been evidence enough of how the party turned out.

Basketball lessons are being given for all girls that have never played before. If you're among this group, be sure to go down and practice because the points your tribe makes in basketball go a long way towards the "M" and the much cherished athletic cup.

"Let It Snow"—

The Athletic Board is planning a party for some night in the near future; however, there is one condition connected with it. The ground must be covered with snow. The Board members are eagerly awaiting the time when they will get together for a gay ole' time sled riding and enjoying lucious food on a lovely moonlight night.

Martha Guy Chosen "Miss Polly Posture"

I was shocked when I beheld just in front of me a creature, for surely it was alive, whose chin was resting on its chest, shoulders were rounded, and each of its feet was walking toward each other. This amused me greatly, and I laughed and laughed until I realized with horrified amazement that this, this creature was ME!! Have you looked at yourself in a mirror lately??? Because of all these stoops and sway backs around the campus, the High School Athletic Board sponsored a posture campaign last week. Everyone was observed during that week, and the girl showing the most improvement and having the best posture was named "Miss Polly Posture." This title went to Martha Guy. Mrs. W. H. Armistead was also selected as having the best posture from the faculty. Congratulations to both of them. Now that we are all going home in a day or two for Christmas, let's be posture conscious. The way we sit, stand, lie, walk, hold ourselves can make us healthy and happy (if we do them right). A "Polly Posture" is popular! A "Droop" is a drip!

High School and College Youth Fellowships, and the Woman's Auxiliary, and was under the leadership of Miss Hoyt. Patsy Alexander, Alyene Draper, and Mrs. Nelson Bell represented these respective organizations in planing the pageant which was an inspiration to all. "The time draws near the birth of Christ. "Let us be glad and sing for joy."

HUMILITY

I will not judge another's depth of love;
That's a decision for God above.
I will not say, "You have told a lie";
That's a matter for the One on high.
I will not cry out the sins of my foe;
He may have reasons that I don't know.
I will not say that I am right and you are wrong;
I may have to change my words 'ere long.
I'll not be haughty and condemn the sinner's way;
After all, who am I to say?
Only god, Who, in His power, is yet kind,
Is able to pierce the human mind.
Only He can judge whose heart is pure;
His ways alone are always sure.
And I, wretched mortal, made blind with sin,
Must search my sinful heart without, within,
-Elizabeth Miller

Lost: A way to skip Bible. Schwenk. P.S. Miss Webb found it.

Found: One of Madge's finger nails. Church Janitor.

Lost: A Tennessee tag. Birdy and Martha.
