## Basketball Over; Volleyball Begins

The basketball tournament, which ended just before long week-end, proved to be as exciting—if not more so—than the soccer tournament last fall. All the tribes fought until the very last games to win. The Hiwassee "A" team won first place, being undefeated in every game. The Navajos and Choctaws played a tie off for second place, the Navajos winning. In the "B" team tournament the Hiwassees and Navajos had to play a tie off for first place. The Navajos won the victory, leaving the Hiwassees in second place. And so, after these exciting games which were enjoyed by many enthusiastic girls, the basketball season is over for this year.

Several bruised wrists and knuckles being exhibited around the campus lately make it quite evident that we are really in the swing of volleyball now. The game is a very interesting one and although there are quite a few girls who had never tried their skill at it before, everyone seems to be enjoying it very much.

Beautiful spring days are here again, and the weather is just right for tennis. So if you have not already brought out that long unused racket—now is the hour. All you tennis lovers will agree that there is nothing more fun than an exciting game of tennis before breakfast, or some other time during the day.

## New Board Members Learn "To Take It"

Have you seen some girls (I guess that is what you call them) strolling merrily around here in queer dress? Their hats are odd-looking and their skirts are tight at the bottom instead of the top. But amazing as it seems they haven't come from some foreign country. They are just being initiated into the High School Athletic Board.

One afternoon you may have seen these girls wandering around dressed in skirts and sweaters inside out, high heels with socks, and a pretty Easter Bonnet. On another occasion, they were wearing silk blouses, hats, saddles without socks, and carrying an egg.

Why they were the funniest looking creatures! They had a big wad of bubble gum stuck to the end of their noses, and their jaws were sagging after eating so many crackers. Of course, there was the traditional oyster swallowing too.

After seeing what good sports they are we're glad to have the following girls on our new Athletic Board for the next year: President, Lilly Starling; Vice President, Bradie Cox; Secretary, Anne Winburn; Treasurer, Charlotte Hisle; Assistant Vice President, Dutchess Wenk; Cheerleader, Mary Belle Combs; Co-Hikers, Dorothy Dabbs and Dixie Nell Southard; Tennis, Lizabeth Wilson; Soccer, Kay Lowery; Indoor Sports, Carolyn Curry and Barbara Hooper; Basketball, Gerry Hoffman; Volleyball, Martha Brown; Softball, Joyce Oliver; Chickasaw Chief, Willie Kerlee; Anache Chief, Nancy Hopkins; Sequoia Chief, Ann Latham; Blackfoot Chief, Francine Larrino; Shawnee Chief, Barbara Maccon; and Publicity, Betty Ruth Kuykendall. Congrats!

## H. S. Engages In Thrilling Games

The basketball game of the season was College "M" Club vs. High School "M" Club. The game was nip and tuck from the beginning to the end, and at the end of the game the score was tied 17-17. The captains voted to play three minutes more to try and break the tie. The tie was broken by a field goal made by Mattie Lee Ladd; the final score was High School 19; College 17.

Montreat High met Warren Wilson on March 15 at the latter's gym. The home team was defeated by a loss of 40-18. Both teams played an excellent game. On March 22, Warren Wilson met our team on their home court. This was a very close game. The final score was 25-21 in favor of Montreat.

Basketball is over among the tribes. The Chickasaws took first place by winning all four games, but the Apaches were a close second with three games won. Then came the Blackfoot tribe, winning two games; Sequoia next, and Shawnees, last.

Volleyball has now begun, and tribe enthusiasm is running high. There will be twenty-two players on each team so everyone has an equal chance to make it and get 100 points toward her "M". Even though some of you won't make the team, you'll still get 25 points.

Have you noticed what beautiful weather we're having? It certainly is wonderful for hikes, and hiking is another way to add up points.

## College Board Presents "Our Land"

"Our Land", a patriotic program, was presented April 3, in Anderson chapel by the College Athletic Board. It depicted in imagination some scenes occurring directly after the War Between the States.

The cast included "Uncle Sam" (Winnie Ferguson), "Lord Burleigh" (Sarah Baker), "Jenny" (Jerry Ford), "Penn" (Sara Johnson) "Mr. and Mrs. North", (Margery Washburn and Jane de Weghe) and family, "Brother South" (Mildred Love), "Sister South" (Jean Spellman), "The Carolina Sisters" (Mary Ann Holler and Peggy Gregg), "Callie West" (Tweedle Swann) and her cowboys, "Ponce de Leon" (Pat Cox) and his followers, "Uncle Remus" (Pat Harley), and all the animals of the beloved "Uncle Remus Stories", who added to the gaiety of the entertainment.

The program was interspersed with some good musical numbers, including "Brazil," well enacted by the Cubans; a solo, "God Bless America," by Sarah Baker; "Carolina Moon" by Mary Ann Holler and Peggy Gregg; and "Home on the Range" by the cowboys.

The highlight of the evening was when our new college mascot was introduced. For several weeks everyone had been trying to guess what the mascot would be, and all were eagerly awaiting the moment when the secret would be revealed. It was disclosed when Montie, the Montreat monkey, made his debut into our campus society. He will undoubtedly be a most popular and well loved member of our campus from now on.

Under the direction of the Board's sponsor, Miss Burney, and the president, Jo Ann Heizer— together with the help of the Board members and those appearing in the program—the entertainment was a big success.
