From The Alumnae President . . .

Dear Montreat Students and Alumnae:

It is almost time for our annual meeting, and I am looking forward to seeing you in Montreat next month. Our annual luncheon will be held May 22nd, the Saturday before graduation, as usual, and the business meeting will be held May 24th, Graduation Day. Please try to come.

Anyone who is a graduate of the college or high school department is a member of the Montreat College Alumnae Association. There are a surprisingly large number of persons who fall into this category. The number is large enough to form a strong organization which could make its influence felt, and I hope that we can take steps at the coming business meeting to get ourselves effectively organized.

My first acquaintance with Montreat College came in 1934. The Spirit of Montreat met me the first day, and I fell in love with the place. Some of you have known and loved our Alma Mater much longer than I, and the years have no doubt served to deepen your affection and appreciation.

Let us guard the future of Montreat College with all our strength and prayers. May she always continue to be what she has been, — a greatly respected institution where it is possible to secure an education of high scholastic value for low cost, and where, to paraphrase words of our great founder, Dr. R. C. Anderson, every girl majors in Christian education.

Sincerely yours,

Ruth Collette '36, HS '34

President, Alumnae Association

Ima Gossip

College's campus looks rather boring this month compared to High School's. First of all the seniors and juniors are all in a dither about the junior-senior coming up the 17th of April. Then those peculiar people you see walking around in the afternoon are the new board of initiatives.

Of course we have personal excitement too, such as—Amber and Jo Curry exchanging Jim's for the banquet; My, Jerry, but that's a beautiful ring — Congratulations! . . . Of course Mary Belle has finally returned to us from Henry . . . We hope Frances Crane's husband never has the unfortunate luck of losing her as we did . . . Out of the five boys that Schwenk has invited for the junior-senior sure'y she'll have one date . . . Lib Wilson was late coming back because she was ill—

Lillian Pittman (H.S. '47) is in nurse's training at Jackson Memorial Hospital, Miami, Fla.

Louise Peterson (H.S. '47) is attending Queen's College, Charlotte, N. C.

Ann Cooper (H.S. '47) is in nurse's training at Emory University, Atlanta, Ga.

Norma Williams (H.S. '47) is attending Blanton's Business College in Asheville, N. C.

those stars in her eyes are caused from excess rest, no doubt.

We seem to have a certain girl in the school who can't decide between Wilton, Copeland, Bill and Pete . . . Wrinkles, honey, don't overwork yourself — you have plenty of time to take those exercises . . . Say Nancy is married? I think Jean A. would be a better guess . . . Well, Deland—have you found a new gown and Marine? . . . Who does Jack Davis go to see, anyway? Virginia or Rita?

Do all Joy's have a knack for singing? . . . We enjoy secrets too, Betty Jean . . . We have a freak in the school . . . Four certain girls seem to care quite a lot about a house party and Uncle "Dee Dee". . . We may now formally connect the name Bobby with Ale.

What has happened to all the Asheville boys? . . . So he speaks four languages Madge? We hope to meet this wonder man sometime.

CHATTER BOX

The long week end seems to have brought out some interesting questions. Of all the many things that must have happened then, just a few have found their way into the Chatter box, however. Of course all the people that stayed here for the week end were thrilled by the fact that the males on the campus outnumbered the females almost. And the entertainment at meals was wonderful. The most general effect of the week end seems to be the inability to study. How about it, Mary Ruth? Deloris McCain really seems to have been around over the week end—with Jimmy? Betty Attwood learned a lot about Tennessee, and not the topography. Now here is an interesting question. Did Janet Bound steal Ina Williamson's "Charlie" while she was visiting her? Some people have all the luck. Rose Marie Moore had an orchid from some mysterious source for Easter.

Speaking of orchids, have you heard the sad, sad tale of Mary Alma Church's orchid? The poor girl left on Wednesday; the orchid arrived on Thursday morning and sat in Montreat all week end waiting for her to come back. Sad, sad.

It is interesting to note the things that people like. A few examples are: Jean Tyson and Joe; Catherine Eblen and Bruce; Alyene Draper and Buicks; and Jerry Ford and Mars Hill.

Here are a few interesting and disconnected items of lesser import. Did you all know Miss Watkins used to be on the stage? She told her Spanish 100c that she was anyway. Well? What brought about Anne's change of idea about popular music. Ann who? Did you know that Ina Williamson and Sara Johnson turned the lever that made the lake run dry the first time? Then the management decided to dredge it. Hmmm Sounds like a good story.

Well, the Chatter Box is empty for another month, but when you all begin to fill it up again,

ALUMNAE OFFICERS

PRESIDENT: Miss Ruth Collette
Columbia Seminary
Decatur, Georgia

VICE-PRESIDENT: Miss Martha Hughes
U. N. C.

SECRETARY-TREASURER: Miss Mabel Lee Wells
Montreat College
Montreat, North Carolina
