

"THE CROSBY Adams—Artists"
(Continued from page 1)

By this time Mrs. Adams was thoroughly dissatisfied with the way music was being taught. After thinking about this problem a great deal, it suddenly occurred to her to write her own ideas down, and also to write pieces for pupils which would sound grown-up, but be simple enough for children to play. She carried out her ideas and was soon using them in a school which she and Mr. Adams established. After years of successful teaching, they built their dream home here in Montreat.

Thirty-five years ago they came to Montreat "to retire," but they still amaze their friends by the number of things they accomplish. No one could guess by the full life they lead that both of them have recently celebrated their ninetieth birthday anniversary. Mrs. Adams still gives concerts and will give her annual one here at the college on April 10. She will play several of her own compositions and those of other composers as well.

The Adamses live quietly and simply in the "House in the Woods" surrounded by the charming atmosphere of which they are the center. Their life is full of "the beautiful" and friends visiting there soon find themselves taking turns telling of the most beautiful thing they have ever seen.

Perhaps their great success and happiness come from their always looking into the future, from their great love for each other, and from their love of beauty. They are artists and their life is a work of true art.

FROM THE PRESIDENT:

(Continued from page 2)

We are using the Lakeside Bookstore as a classroom building for the Business Department. The classroom adjoining the library has been made a part of it, increasing the Library space and usefulness. All offices of the College have been more conveniently located on the same floor. Miss Helen Miles and students of the Home Economics Department have refinished and redecorated the living rooms of Lookout Lodge, adding much to its attractiveness. The old cafeteria has been closed and the girls and faculty have been much better cared for in the dining room of the Assembly Inn. The Board of Trustees have voted to purchase a building for the Music Building and we confidently expect to have this before the beginning of next fall term. Use of the Collegiate Building has added to our Recreational facilities for the year.

Every growing institution has needs. Montreat is no exception. We are confident that our needs are going to be supplied through the generosity of those who rejoice in what we are doing and are able to have a share in it. Every institution looks to its Alumnae for their own interest and influence which will bring an ever enlarging circle of friends to its support. The greatest accomplishment will come as we are joined together for fervent prayer.

Montreat College and School was built by the Church through its institution, The Mountain Retreat Association. We are confident that its future is as certain and promising as the strength and life of the Presbyterian Church.

We would cordially urge you to come for our Commencement. We anticipate your visit with genuine delight.

Cordially and faithfully yours,
J. Rupert McGregor
President

**H. S. Council Retreat
at Camp**

The new High School Youth Fellowship Council was welcomed into office Monday, April 5, at a spring Retreat held at Camp Montreat. The afternoon was divided into three sections, the first of which was spent telling the new girls what their duties for the coming year are. The second part was spent enjoying a picnic, and the third part of the afternoon was devoted to a talk delivered by our pastor, Dr. King.

Those taking offices in the new council are as follows: President, Jane Norman; Secretary, Mary Don Doty; Treasurer, Marie Jackson; Chairman of Senior Group, Francine Larrinoa; Chairman of Pioneer Group, Harriett Massey; Chairman of Christian Faith, Barbara Gladstone; Chairman of Christian Growth, Anne Latham; Chairman of Christian Works, Anne Laxton; Chairman of Comradeship, Jane Fowler; and Chairman of Christian Outreach, Bitsy Phillips. Each of these chairmen is head of a commission and has two co-workers.
