

Varsity Elects Williams Captain Of Team

One Saturday night there was a lot of excitement in the hall; and the few who were not already there, rushed out to see what was creating all the disturbance. There on the bulletin board in bold-face letters they saw: Forwards-Anne Combs, Mary Louise Gue, Charlotte Hisle, Gerry Hoffman, Barbara Holt, Carol Weaver. Guards, Jean Courrages, Bradie Cox, Barbara Crawford, Willie Kerlee, Lily Starling, Ophelia Williams. Yes, this is the "49 Varsity."

The team elected Ophelia Williams Captain and plans to start its games soon.

The High School basketball tournament has been underway for quite some time. The undefeated Chickasaws stand at the top with the Sequoias, Apaches, and Blackfoots following respectively.

All of the tribes are getting ready for a good volley-ball tournament, with practices already well underway.

UNDEFEATED MOHAWKS CAPTURE BASKETBALL TITLE

Ho! Hum! It's spring — and what does that spell? Nothing less than VOLLEYBALL! But before we spotlight that, let's catch up on the finals of the basketball tournament. The Mohawks traveled through with a towering victory and hit first place without a single defeat during the season. Second place was captured by the Hiwassees, who plunged through with only one defeat. Tallying close behind with some good competition were Navajos, Choctaws, and Cherokees.

Climaxing the tournament were two thrilling contests between College Hall and Fellowship, and the Faculty vs. the Board. The final scores for the tournament are as follows:

- Cherokees 13—Hiwassee 24
- Choctaws 21—Mohawks 29
- Choctaws 22—Navajos 46
- Cherokees 17—Choctaws 27
- Hiwassees 14—Navajos 7
- Navajos 27—Cherokees 17
- Cherokees 8—Mohawks 24
- Choctaws 20—Hiwassees 28
- Mohawks 15—Navajos 13

"A" Team

College Hall 18—Fellowship 11

"B" Team

College Hall 28—Fellowship 11
Faculty 16—Board 25

Indoor sports tournament between tribes is about to get underway. Tribe representatives are being chosen now and should begin their tournament within the next week.

Volleyball practice is causing a great deal of excitement, and enthusiasm is increasing. Judging from the number who are trying out for the teams, competition will be keen in the finals.

Faculty And Students Give To Red Cross

Montreat School Clubs Are Active This Year

The French Club had a chapel program based on "Gratitude," Saturday, March 5. Bitsy Phillips gave news about the recent friendship train and Carol Weaver told the story of the Statue of Liberty. Yolanda Macias closed the program with the Lord's Prayer in French.

The Spanish Club is looking forward to Pan American Union Day, April 14, when they'll be in charge of the chapel program.

The French Club presented at their meeting this month a picture entitled "Autour d'un clocher" (Around the Clock) which depicted the daily life in a small provincial French village. This moving picture was open to the public and the proceeds were used to pay for the film.

Monday night, March 7, the High School Music Club met in Mrs. Johnson's studio in Anderson at 8 o'clock. Various members of the club entertained with piano and voice solos, and a piano duo was given by Jane Norman and Jean Stephens. Guest vocalist was Mirta Borges, who sang two Spanish songs. Refreshments were served at the end of the program.

Montreat College opened its Red Cross campaign with an address by Mr. Robert Guy, representative of the Black Mountain chapter of the American Red Cross, of which the Montreat area is a part. Mr. Guy, in his inspiring message, emphasized the importance of the Red Cross as an organization which gives aid immediately when needed. It is not a relief program but a program to help in time of emergencies.

The Red Cross this year is making an intensive campaign for membership. This is the only way Red Cross secures its support — not through entertainments of various sorts — but by members who recognize the importance of Red Cross and willingly give of their means for the extension of this world-wide program. To become a member of the American Red Cross, one must give one dollar or more, and he receives a membership card, Red Cross sticker, and a lapel pin. However, any contribution is greatly appreciated and is acknowledged by a Red Cross lapel pin for the contributor.

Here at Montreat College, students, faculty members, and the staff are being solicited to give of their funds to the American Red Cross. This campaign is under the sponsorship of Miss Boardman, who is assisted by Willodeen Smith, Betty Jean Chaplin, Becky Glenn, Lib Miller, Agnes Godert, Frances Brown, and Dot Wright.

Literary Organization Taps Four New Members

At a chapel program on March 25, the Kappa Pi Beta tapped new members. New members are admitted to the club upon presentation of a piece of original writing which is judged by a committee of faculty members and students. Those students whose work meets the standards of the organization are received into membership.

Those who were taken in were: Charlotte Burgess, for a sketch, HUSBAND AND WIFE.

Sylvia Sanchez, for an essay, "Silence, Please!"

Jean Spellman, for a poem, "Urashima."

Betty Whittle, for a poem, "Dream House."
