Dear Readers:

Thank you for your wonderful letters to the Editor about the arrival of the new Montreat College students. We are happy to pass on to them through the Dialette your welcome, and in addition would like to add ours!

We have heard that they are a grand class, and that they are already "Montreaters in the true spirit." We're proud to play hostesses and big sisters to such wonderful girls, and extend to them our smiles, our hands, and our hearts.

Sincerely,

Ye Ed
