Schoens Tell About Vacation In Europe

Mr. and Mrs. Victor R. Schoen have returned to Montreat after having spent the summer in Europe. They lived in Salzburg, Austria, where they studied duo-pianism the entire summer.

Their trip really began May twenty-second when they left New York on the Queen Mary. Upon their arrival in Cherbourg, France, they took a boat train to Paris. They toured the city for several days and saw, among other things, the Louvre, Noire Dame, Mont Parnasse, and the Eiffel Tower.

After leaving Paris, Mr. and Mrs. Schoen stopped briefly in Strasbourg and Munich before going on to Austria. While in Salzburg they lived with Herr and Frau Winter and their children Helmut and Heidi. The Austrian family was described as "delightful."

Sightseeing expeditions continued for the Schoens even after they reached Salzburg. One of these took them to a mountain lake called Koenigsee, which is near Berchtesgaden, Germany. The catch is that they rode the entire distance of forty-two miles (round trip) on bicycles.

In Salzburg, Mr. and Mrs. Schoen studied under Heinz Scholz, at the Mozarteun Academy of music. This is the school in which Mozart studied and is, of course, a very outstanding one.

During the festival season, Mr. and Mrs. Schoen gave a performance in which they played Bach's C Major two-piano Concerto. This concerto is one of the selections they will play in their concert which is scheduled for Saturday night, October 30.

Their summer with its many long-to-be-remembered events ended August thirty-first with their return to the United States on the Queen Elizabeth.
