

Various concerts and lectures are given during the school year to help put polish and to enable you to see and understand the beauty of the arts.

It's a long trek to that star and anyone who intends to climb should possess a healthy body. The way to preserve that rosy glow of youth and physical fitness is to participate in the Montreat afternoon sport program. Besides being fun, it is ideal for getting to know people.

If this is beginning to sound like a commercial (beginning?) then it is time to "sound off". For you see---you don't have to sell Montreat College to anyone for something intangible sells it, something that goes by the name of Montreat Spirit---a spirit of love and service.

Perhaps it has already started working on you---you fortunate freshmen.

Ann Sharpe

Dear, dear upperclassmen.

Of course you've not been forgotten. What could we do without you! It's wonderful having you back again. Your help is needed. You are living examples of Montreat Spirit. Your influence will count towards making Freshmen believe the previous article. You understand what it was like to be new. Let them know you understand. It can make a lot of difference. In closing remember that next to the verb "to love" the most beautiful verb is "to help."

A. S.

Then there's the one about the freshman who brought bandaids to school because she heard they got three cuts a semester.

A man shows what he is by what he does with what he has.

Some people use language to express thought, some to conceal thought, and others instead of thought.

The secret of life is not to do what you like but to like what you do.
