

From left to right: Priscilla Henley, Esther Henley, Richard Wey, Miss Mary Wells McNeil, Robert Wey, and the Diaz twins.

Montreaters are seeing double these days as there are three sets of twins here. The mountainous scenery was a big attraction for all three sets.

Anna Luz and Anna Pas, 15, daughters of Dr. and Mrs. Melchos Diaz Rubio, are from Morelia Michoacan (population 100,000) in Veracruz, Mexico. In Mexico they had six years of elementary school and two years of preparatory or high school. They were carrying twelve to thirteen subjects and going to school six days a week. They might go to class from seven to nine in the morning, then eat breakfast because the whole family eats together. Their main meal is in the middle of the day, and they like Mexican, Italian, and American food.

Most people can tell them apart, although in secondary school they often changed places to play jokes on the teachers. This summer they were in Texas where they

learned to water-ski and learned of Montreat from a Presbyterian minister in Dallas. Their father, also a ranch owner, has allowed them to watch operations and both are planning medical careers.

Our second set of twins Richard and Robert Wey, born October 20, 1943, come from Arcadia, Florida. They love sports and both lettered in football at De Soto High school, where Richard was a tackle and Robert was a guard. In the summer they water-ski on Lake Placid and swim at the Arcadia Country Club. Their mother teaches the fourth grade and their father, a deacon in the Presbyterian Church, is a pharmacist. They claim that while their friends can always tell them apart, their teachers were often confused. The rest of the family consists of Eugene, 23, and a water spaniel.

The third set of twins, Esther and Priscilla Henley, born August 31, 1943, are from Linville, N. C.

They have already become known for their voices at Montreat after singing "Far Away Places" with Jean Clark in the freshman talent show. They have sung together for banquets, plays, chamber of commerce meetings, and even on Arthur Smith's Talent Show at the age of 12. Their father is owner of the Linville Inn and pastor of the Calvary Baptist church. Both agree that it is nice to have somebody like you, but it doesn't always have its advantage because their mother often spanked one twice when they were little and even today their father can't tell them apart at times. At Newland High school both played basketball and both are planning to marry and establish homes.

One thing the three sets have in common is that each set thinks and does the same thing at the same time. However, nobody minds being a twin.

SCA Elects Group Leaders

At a called meeting on November 2nd, the executive officers of The Student Christian Association elected permanent Spiritual Life, World Missions, and Music Group leaders for the remainder of the college year. The offices have been temporarily filled on a nine week basis by the executive officers of the council.

In order to have freshman participation on the S. C. A. council, it was the purpose of the council to substitute temporary leaders for the groups for the first nine weeks and elect permanent leaders from the members of the group. The newly elected leaders are: Richard Altork, Spiritual Life Group; Carole Jean Upchurch, Music Group; and Nancy June Haynes, World Missions Group.

A freshman majoring in Christian Education, Rich is from Key Biscayne, Miami, Florida. Rich is now serving on the program committee for the Spiritual Life Group. His plans for the future are to study for the ministry.

From Birmingham, Alabama, Nancy is a freshman majoring in Liberal Arts. Nancy's main interest in life is work on the mission field and it is because of Nancy's capable qualities that she was elected to lead the World Missions Group.

Carole Jean Upchurch has been chosen from the sophomore class to lead the music group. During Carole Jean's freshman year she was an active member of the group. She is from Miami, Florida, and is majoring in music here at Montreat-Anderson.

The newly elected group leaders will be active voting members of the S. C. A. council and will lead their groups with full co-operation from the council.

PAST AND PRESENT— (From Page 1)

to provide a Christian education for some five hundred students. This will necessitate providing facilities for almost double the present enrollment. A development council has already begun making plans for this endeavor. Future development closely coincide with that of the Mountain Retreat Association. Among prospective buildings for the college also to be used by the Association are a social center and snack shop, Christian education and administration building, a library, science building, and expansion of several existing buildings.

It is the hope of the trustees, the administration and the faculty that the resources needed to make Montreat-Anderson a senior college will soon be provided.

HOMECOMING—

(From Page 1)

The prospective students will begin arriving Friday morning. For chapel Friday an alumnus will speak. Then prospective students will visit the classes. At 2:30 p.m. the Women's Recreation Association will lead a hike for anyone interested. Recreation will be in the gym Friday night.

Our "Homecoming Harvest Ball" will be held Saturday night at 8 p.m. in Anderson Chapel featuring "Fritz Albertson and his Esquitos." The Homecoming King and Queen will be announced and there will be entertainment, refreshments, and dancing.

Sports At Montreat-Anderson College

Fall is here and also football and soccer are here. The freshmen and sophomores are preparing to oppose each other in various contests. The boys are playing tag football and the girls are playing soccer. These are both fast moving and highly exciting games that require skill, speed, and precision.

Soccer is a sport that can truly be called football, for the object is to kick a ball through a pair of goal posts. This game requires stamina and teamwork. A series of good dribbles and passes will likely lead to a goal for the team that has the best team spirit and the ability to work together.

Tag football is a game that all of the freshmen boys have been learning to play. In the intramural games they have shown themselves to be quite adept at this game. They have beaten the sophomores twice despite the outstanding play of Tom Flowers, Bob Talmadge, Tommy Byrnes and the other men. So if you can't play and want to watch some interesting contests, go to intramurals. The schedule is as follows:

Tag Football: Tuesday and Fridays at 4:10.

Soccer: Mondays and Thursdays at 4:10.

SOCCER SUMMARY

By Judy Nave

Bruises, sprained ankles and cuts! These are only a few of the characteristics of the members of the freshman and sophomore soccer teams. The tournament started off with a bang. On and off the field, good sportsmanship was shown by both teams.

The first game was won by the sophomores 4-0 and they also won the second game 10-4. This made the Blue team win the soccer tournament over the Gold team.

A few days later the freshmen challenged the upper-classmen to another game and we had a terrific time!

The freshmen are now looking forward to the speedball tournament, hoping to defeat the sophomores. The sophomores are anxiously waiting for the challenge as is offered by the freshmen.

WRITERS CLUB

For those that have been interested in forming a Writer's Club, there is a possibility in doing so.

All interested persons are asked to submit two works or manuscripts by November 30. Membership will be based on these manuscripts and on an interview by a faculty committee of five. Since prose will be emphasized the first four months, it is required that one of the manuscripts be prose. The second may be either prose or poetry. These manuscripts may be a personal essay, a news story, a short story, or any other narrative or descriptive writing. They may vary in length.

The purpose of the selected 10 or 12 members will be to discuss and evaluate the writings of each.

OUR HONOR CODE

"What is the Honor Code?" is a question which has been in the minds of students since they were first exposed to the Honor Code. There's a paragraph in the 1961-62 Student Handbook which says, "Each student and faculty member has a responsibility for himself and for every other member of the college community. The failure of one person to live honorably is in part the failure of all..." Too many of us misinterpret this; we try to make it sound as if each student and faculty member has a responsibility to tattle on every other member of the college community. This is not at all the meaning of that paragraph; rather, it means that each one has his own honor to be responsible for and has the responsibility of helping those who do not succeed in living honorably. Telling on the person is not upholding the Honor Code. It is helping to break it down, and also to destroy the wholesome attitude of the student body.

Until everyone's interpretation of the Honor Code reaches approximately the same level, dissension, hurt, and humiliation will haunt our campus. Think about

W. R. A. NEWS

Yea Blue! Yea Gold! These were the ferocious war cries heard on the old soccer field for the past few weeks. What a wonderful time it was playing under the direction of Mrs. Harvey and Mr. Bostian. However, the sophomores certainly missed their own Miss Smith. The tournament consisted of the best two out of three games. The freshmen lost the first game with a four to nothing score, and a ten to four defeat at the closing minutes of the second tournament. However, they showed their keenness in play and their high spirits throughout the whole tournament. Their spirits went so far that they promised to win the speedball tournament. The speedball tournament will be our next big event. Who will win remains to be seen, but I wouldn't be a bit surprised if the freshmen make their comeback in this tournament.

The students have also been playing horse-shoe tournaments. These tournaments are still under way. We will probably have the results for you in next month's issue.

There is also the hiking spirit in the air. Students have been working hard on their hikes, and there are a large number of turnouts for this wholesome activity. Last Tuesday there were about 32 daring students who hiked up to Mt. Mitchell, which is about 18 miles from Montreat walking through the mountains. They all had a very wonderful hike and, I might add, a beautiful one since the leaves were in their peak of color.

The W. R. A. invites all women students to come out and participate. There is an activity for YOU, so come out and show us what you can do.

C. C. U. N. BIRTHDAY

October 24, 1961, was the birthday of the United Nations. Sixteen years of service to the world. On October 25, the members of the Collegiate Council of The United Nations presented a chapel program to the student body. This program was to present the many facets of the U.N.

The program began with the devotions by Margaret Cooper and the introduction by Judy Wildermuth. Barbara Pound narrated the rest of the program with Dave McCarron, David Ehmgig, Tom Flowers, Gloria Leach, Dorette Carter, and Teia Fontes aiding with costumes and motions to help show some of the aids of the U.N.

The C.C.U.N. has chosen Barbara Pound as president of their group. David McCarron will serve as vice-president. For secretary-treasurer Ronnie Morris was selected.
