## SCHEDULE SET FOR HOMECOMING

Are you ready for HOMECOMING 1967? Plans are rapidly developing for a wide variety of weekend entertainment. Thanksgiving Day has been set aside for the students and the alumni. All classes have been cancelled for the day.

Montreat could not leave out its own Rose Bowl. The MIA will lead off the 1967 weekend at 2:00 p.m. with the number one team of each division fighting for victory. That afternoon sports continue with the WRA all-star soccer team possibly battling it out with the alumni.

Thursday night Howerton Cafeteria is the scene of a Thanksgiving Day banquet.

After the banquet the Montreat-Anderson Alumni Association will become the center of attention. At 8:00 a.m. in the new Convocation Hall adjoining Assembly Inn, there will be a dance with the college students invited as guests of the Association. Music will be provided by a top combo. During intermission the 1968 Homecoming Queen and her court will be presented. She will be crowned by the 1967 Queen, Miss Sandra Lance of Greensboro, N. C.

After Thanksgiving Day most of Friday is left for open classes. Action does continue Friday night with the Cavaliers beginning their home basketball season against Brevard in McAllister gymnasium.

Weekend movies will also be on the agenda. Friday and Saturday nights the movies will be "Good-Bye Charlie" and "The Heroes of Telmark."

Saturday afternoon in Anderson Auditorium, from 2-4 p.m., the Atlanta Tams Review will be sponsored by Crosby Adams and Lookout Lodge.

Saturday night, during dinner, the Alumni Association will have its annual banquet.

The "grand finale" of the Homecoming Weekend will be the presentation of Willy Tee and the Magnificents, also sponsored by Crosby Adams and Lookout. The Homecoming Queen and her court will be the honor guests to be presented during intermission.

### WARNER, PORTER & WARNER

All contemporary folk-style groups do not have to sound alike, nor do they have to be made up of amateurs of college tintypes. For out of the Southeast's rich traditions and modern popular sound, a new group of young people, with highly trained voices, original material, novel arrangements, superb pacing, and instrumental expertise, are creating a rich and heady mixture.

Tom Porter does most of the song writing. He is a Georgia boy who has done much work around Charleston, S. C. Tom plays twelve string and doubles on harmonica.

Byron Warner, like Tom, is from a Georgia family and is the musical arranger and director for WPW.

Florence Warner is Byron's sister, and youngest member of WPW. She has a fine, clear, and operatically toned voice; she has a voice that blends beautifully into the trio.

## VIETNAMESE NEED MILK!

Recently, Dr. Robert Watson, who has been in Vietnam, spoke to a group of students at the Reverend Calvin Thielman's home.

Dr. Watson told them about the milk shortage in Vietnam and the poor conditions which this shortage causes. The Vietnamese have never had fresh milk. If they get milk, the prices are too precious to afford. Even when they do get milk it is of poor quality, too thick or too thin. This does contribute to a certain percentage of sickness. Dr. Watson said, "The babies over there are dying like flies. The Vietnamese

need milk. In fact, they need \$30,000 for a dairy."

The Fellowship Hall prayer group has started raising money for this purpose.

Mr. Thomas McKee, an artist from Asheville, has left five of his paintings in Fellowship Hall lobby. He wants to sell his paintings to help raise money for the dairy. The students are invited to go by and see them, and if they want to help with the project, buy one.

The Fellowship Hall prayer groups are asking all college campuses in the area to have an art auction is being done at Montreat.

### WARNER, PORTER & WARNER

TUESDAY, OCTOBER 24, 9-11 AT

### "RUN LIKE HELL!"

On July 19, 1967, a Boeing 727 being leased by Piedmont and a Cessna 310 collided in the airways near the Hendersonville Airport. Both planes plunged to the ground; a total of 82 people were killed. 79 passengers and crew of Piedmont Airlines' Flight 22 and 3 people aboard the Cessna. The crash occurred on the grounds of Camp Pine-wood, near the riding ring where Joe Pothier, a Montreat student, was riding instructor.

It was the end of the riding period and the pupils were gathered in the riding ring. Then the sound of a jet was heard. Upon looking up, Joe saw, "a small twin-engine plane collide amidships with the Boeing 727. At first there was the sound of grinding metal, and there was an explosion and you could hear the engines of the small plane explode."

After ordering the riding students to "run like hell for the woods," and releasing the horses, Joe followed.

When asked what was the worst part of the crash, Joe replied, "Of all the terrifying sights to be seen that day, one of the most atrocious was when spectators lifted their children to their shoulders in order to see the dozens of mangled bodies draped from trees, between the riding ring and the crash scene."

As an epilogue to the tragedy, a tape of the conversation in the cockpit of the Boeing 727 was played on October 10, 1967. The last sounds in the cockpit were heard from the pilot and co-pilot. They were: "Flight 22" . . . a scream . . . and then, the rushing of air.

### FRESHMEN ELECT OFFICERS

The Freshman Class of Montreat-Anderson College will elect officers for the coming year sometime after the 9 weeks grading period is over.

These officers will be valuable to the Freshmen because for the first time they will have representation in student government.

The members of the Freshman class will elect a President, Vice-President, Secretary-Treasurer, and a representative to the S. G. A. It will also elect two members to the Honor Court.

So, it is urged that the Freshman Class think about good nominees, and then back their nominees with votes, so that the Freshmen will have a good voice in the Student Government.

### IN MEMORIAM

Mrs. William Hinkle
