

Fellowship of Christian Athletes

April 6-7

Again this spring Montreat-Anderson will present one of the best received events on campus. The Fellowship of Christian Athletes will be well represented by sportsmen who have set both National and International Records.

Bobby Richardson, a former All Star of the New York Yankees who set the record for the number of hits in a World Series, will be speaker in church on April 7.

Bill Wade who is one of the National Football League's most valuable players will also appear on

campus. Bill Wade is noted particularly for his outstanding contributions to the Los Angeles Rams. In 1958 he was chosen as Most Valuable Ram and broke three Ram's passing Records. Most of you will remember Bill Wade's spectacular 75 yard pass which beat the Green Bay Packers. Saturday afternoon Bill Wade will exhibit his passing ability and will have as his pass receiver Ray Berry.

Ray Berry of the Baltimore Colts has caught more passes than anyone in the NFL. Berry has recently been

elected as a coach for the Dallas Cowboys.

Representing the sports field in track will be Loren Young. Loren Young is the record holder for the 440 yard dash in the Southeastern Conference which was set at Duke.

Albert Long who is one of the two in the history of the University of North Carolina to letter in baseball, football, basketball, and track will also be among the lineup. Also from the University of North Carolina, Danny Lotz, an All American in basketball, and John Lotz, present basketball coach at UNC will add to

the colorful event.

You will have many chances to hear and see the celebrities in action. At 2 p. m., in Anderson Auditorium the athletes will speak to the Montreat students as well as area high school athletes. At 6 p. m., in Howerton Cafeteria Dr. L. Nelson Bell has promised the students "a better than usual meal." The athletes will speak at that time. Sunday dress will be appropriate.

Students have been invited to all these events and asked to take a look at a Christian's wonderful world of sports.

Parking — A Campus-Wide Problem

TO ALL STUDENTS WITH CARS

"The problem of providing adequate parking space for faculty, Staff and members of the Student Body, especially day students is becoming increasingly acute."

The preceding was an excerpt from a notice by The Dean of Students Office on February 23, 1968. This was felt necessary after the Montreat Police Department noted

that parking is indeed becoming a problem.

Restrictions have been placed on where students may park so that faculty and business representatives to the college might have a place to park. The following are the places where students must not park; the area back of Gaither, the area in Geneva Circle, the area in front of Gaither on both sides of Gaither Drive down to the back entrance of

Howerton Hall and the three spaces in front of the C. E. Building.

Students are allowed to park in the lot adjoining the cafeteria, the area of College Hall and the road between Howerton and "Central Park."

The Student Legislature has passed a motion which places a \$2 fine for violation of the above parking regulations.

COMMENTS ON SCHOOL POLICIES

The *Diallette* asked the faculty and Student Body this question recently: If you could change one thing about our teaching system, what would it be?

to go through before they could begin. Recently the group received a letter saying that all was clear and that the project could at least get underway. So, hopefully, in the very near future we will be able to help those poor under nourished Vietnamese.

Your support in participating in this project will be greatly welcomed.

What Happened To The Vietnam Milk Project?

Last October the Fellowship Hall Prayer Group began a tremendous project. After this group heard Captain Robert Watson give a lecture concerning the desperate Vietnamese need for fresh milk it decided that something should be done about the situation. They contacted Mr. Thomas McKee, an Asheville artist, who left five of his paintings to be sold to raise funds. Other colleges in the area have also volunteered their services.

But what happened? It seems as though there was a lot of red tape
