M-AC's New President Announced

Info. Compiled By:
Susan Long
Staff Writer

Montreat-Anderson College has reached into the world of the aerospace industry to find its new president.

William Whitfield Hurt will become the fifth president of Montreat-Anderson, succeeding Silas M. Vaughn who retires from the College after nineteen years of service.

Mr. Hurt, 55, joins Montreat-Anderson from Martin Marietta Corporation where he most recently was Director of a joint venture between Martin Marietta and Westinghouse Electric. The joint

venture was selected to develop the next generation radar systems for the US Army's Apache helicopter. He leaves Martin Marietta after thirty-one years having recently received the honor of Manager of the Year for 1990 by the Management Club of the Corporation's Electronics, Information and Missiles Group in Orlando.

Hurt received the unanimous approval of the Board of Trustees following the report of the nine member search committee that included trustees, faculty, alumni, and student representation. The committee headed by trustee Charles M.

Zeiser received twenty-eight applications and interviewed eight candidates through several rounds of interviews and campus visits before making its nomination to the Board of Trustees in February. Mr. Zeiser said, "The year long search

confirming God's abundant provision for the continuation of strong leadership for Montreat-Anderson College in the person of Bill Hurt."

William Whitfield Hurt
 President of Montreat-Anderson College

I feel its a very special opportunity to serve God in a unique way." A native of Tennessee, Mr. Hurt received his undergraduate degree in mechanical engineering from the University of Tennessee, and a master's degree in engineering mechanics from the University

Changes come slow at Montreat, but they do come. The major shake-ups will come in the area of the Resident Directors. Tom will continue to be the RD in Davis, Director of Student Activities, and he will be taking Mrs. A's spot in the oversight of Belk Campus Center. Tom will also have his better half with him next semester, in the person of

Judith Elizabeth Jaquinta who will become Mrs. 'H' on the 29th of June in Ocala, FL (I wonder if she knows what she is getting into?). Kevin will return to Howerton next semester as the RD, that is if Reid will turn the dorm over to him after being in charge all summer and getting the washers and driers fixed (HINT, HINT Reid). Kevin will also serve as Coach McNamara's assistant on the

of Florida. He is also a distinguished graduate of the Defense Systems Management College, a post-graduate program operated by the Office of the Secretary of Defense. He is a member of Tau Beta Pi, Omicron Delta Kappa, Pi Tau Sigma, Sigma Pi Sigma, and a registered professional engineer.

Mr. Hurt is married to
