

Facilities, Offices Relocate

-Community Cooperation Makes for Smooth Move

by Jennifer Gunsch

There have been many changes to the M-AC campus this year; several have involved relocation of offices and facilities. When Dean Hargrove was asked why these offices were moved, he replied, "A fellowship hall was being put in Gaither, so all those offices had to be moved. Therefore we had to move others to give everyone more space."

As a result of the new offices and classrooms on the third floor of Belk Campus Center, a large open area had to be sacrificed. Previously, this area was used for everything from performing arts to conferences.

To make up for the loss of this area, the college is sharing the fellowship hall in Gaither with the Montreat Presbyterian Church. The

drama productions that were performed on BCC's third floor will be put on in the upper level of Anderson Auditorium.

These two changes encourage the college to cooperate with the Mountain Retreat Association, the Presbyterian Church, and the community at large. This move, for the most part, has been quite successful.

Some of the staff were asked their opinion of the move. Nurse Judy Keels -- whose office is now located on McGregor's first floor -- felt that the move was good because it gave her more room. The admissions staff is also happy with their move. They feel that White Haven is a better place to greet new students. "It is more roomy and homey," said Admissions staffer Christine Buckwalter.

Here is a list of the new office and facility locations:

Admissions and Financial Aid:

White Haven

Nurse, Counseling, Career Placement:

First floor of McGregor Hall (Applachian Road wing)

Housing:

First floor of McGregor Hall (wing that touches M-A Hall)

Education and Business:

Third floor of Belk Campus Center

Music rooms and offices:

Second floor of Galther

Print shop:

Brown house across from M-A Hall

Wallace plays hard vs. Mars Hill...

Hudson, Fall lead charge against Bryan College

by Phil Parker

Montreat left their home field Wednesday afternoon with their heads lowered as they dropped to Mars Hill in a very emotional and physical battle. One of the best per-

Photo by Tina Barrett

Hudson

formances so far for the Kickin' Cavs proved to be a "disappointing loss," says Coach Barrett. "There were a lot of mistakes and mental errors that really hurt us," Barrett also adds. The score doesn't reflect the performance of the Cavs. Mars Hill had 27 shots on goal, Montreat had 21. Mars Hill's goalkeeper had 11 saves as Quent Johnson had 12. So overall, it was a war zone of intense soccer. The player of the game was Tommy Wallace. It was a two-way defensive battle with Wallace in the backfield as sweeper. Wallace proved to be a critical contributor to the Cav's re-

spectable showing against Mars Hill.

On Saturday the Cavs travelled to Tennessee to meet Bryan College. The coach had earlier tagged the game as 'critical,' making the afternoon victory a sweet one.

The Cav's knocked off Bryan 3-2 in a flip-flop game that could have gone either way. Eric "Mouse" Hudson, freshman from Watauga High School in Boone, NC, scored the first goal and assisted with the second goal. Mustafa "Moose" Aksakal added another goal in the first half. Massama "Max" Fall scored the final goal to insure the win in the second half.

Eric Hudson was the player of the game.

Lady Cavs defend streak against Tusculum today V-ball Victory vs. Clinch Valley

by Jennifer Gunsch

On Tuesday, September 15, the Lady Cavalier volleyball team met Clinch Valley at our home gym, McAlister Hall. The Lady Cavs, after scaring everyone in the early games of the match, pulled out a victory, winning 3 games to 2. "Although the Lady Cavs did not play their best, they did what it took to pull out a victory," according to coach Darin Chaplin. Amy Baker led the team in serving percentages,

and also in her 11 kills. Traci Haynes also contributed to the victory with her 11 kills.

Tonight the Lady Cavs, with a home court advantage, will challenge Tusculum. A very experienced team with several good hitters, Tusculum promises to be one of the best competitors the Lady Cavs will face. However, because Tusculum is located five miles outside of Greeneville, Tennessee, the challengers may be a little worn out. The Tusculum girls

have to travel approximately four hours before arriving in Montreat. Tusculum College is roughly twice the size of Montreat, therefore their coach, J.C. Edmonds, may have an advantage in team recruitment.

"Although our team is inexperienced and young," Coach Chaplin says, "We'll show up and play hard." The Lady Cavs would like to invite everyone to come out and help them defeat Tusculum by showing support.
