AT MONTREAT COLLEGE

Montreat College is pleased to announce our NEW Master of Science Degree in Environmental Education (MSEE).

The first on-line class will begin June 1, 2010. If you are interested, apply today! There will be no GRE's required for the first cohort.

Please contact Dottie Shuman for more information: dshuman@montreat.edu or call 828-669-8012 ext. 3405.

- Our unique environmental graduate studies program allows you to:
- Earn a graduate degree in environmental education without leaving your current job.
 - Expand your teaching expertise and ecological knowledge.
 - Explore your faith in relation to environmental stewardship from a Christian perspective.
 - Examine your relationship with the natural world.

At Montreat College, students in our environmental education masters program deepen their understanding of environmental issues from a variety of perspectives while recognizing God's sovereignty over the world he created. You will become a well-rounded researcher and educator, learning effective strategies for teaching environmental education about a myriad of issues vital to children and adults.

"I remember the days of old; I meditate on all that you have done; I ponder the work of your hands. I stretch out my hands to you; my soul thirsts for you like a parched land. Answer me quickly, O Lord! My spirit fails! Hide not your face from me, lest I be like those who go down to the pit. Let me hear in the morning of your steadfast love, for in you I trust. Make me know the way I should go, for to you I lift up my soul."

Psalm 143:5-8
