

FROM THE EDITOR

Hey, guys,

Notice that this issue is a bit picture-heavy-- we've had a LOT going on at Montreat in the last few weeks. Between the open house, LAN tournament, Guatemala mission trip, the brand party and other events we've had a lot of photos to print in this issue and the last one. So many, in fact, that we can't fit them all in the *Whetstone*. If you want to see more photos check out our website at mcwhetstone.com. I'll be adding more as they come in. **If you have photos** from any of these events or others, please send them to me!

Speaking of sending... how many times have you sent a document to the printer and waited in vain for it to appear? SGA brought the issue up with the IT department. To see the results, check out Tesla Rush's article on page 5. The IT department provided a list of the most common problems students face with printers (and how to resolve them).

Tony Robinson sent me several statis-

tics about last month's open house that we've included with the photos from the event (page 4). Some giveaways included: an iPad, iPods, Montreat College water bottles, Montreat College blankets, and four passes to the Biltmore House. Overnight hosts also received gifts. Several statements from guests were positive, including these:

'What a place!' 'You're like family!' 'Best Open House we have been to!' 'Loved the Academic and Student Life Fair!' 'The ice cream was amazing!' 'Everything was organized and fun!' 'I love my new water bottle!' 'I see why it is easy to call this place home!' 'Cannot wait for next year!' 'I see myself here along with some of my friends!' 'Jeff Teo was amazing!' 'Mr. Daniel was so helpful!' 'President Struble's message was a great touch!' 'The cookies were yummy from the Music Business table!' 'The SGA and FCA students were great!' 'I wish I could start tomorrow!' 'I love Montreat!' 'I went to bed at 8 p.m. because I was exhausted from all the fun!' 'I won an iPad--are you kidding

me?!

You guys really helped with that-- many of you volunteered, and everyone had the opportunity to talk to a prospective student and even just be on campus as an awesome example of who we are. Great job, guys!
