## The Treat Speaks

Courtney Snyder

Christian Bale was beloved in the iconic role of Batman. After his refusal to play in the upcoming Superman sequel *Batman Vs. Superman*, fans held their breath awaiting the new casting. Sources tell us that Ben Affleck has been named for the part. There is no doubt that he is talented, with two Oscars and two Golden Globes under his belt. Though we won't know for sure how well Affleck will do in the part until the release of the movie (rumored to be released in the summer of 2015), we still have our opinions. Do you believe he has what it takes to be the new Batman?

Ben Affleck as Batman: Yes or No?

Who would you have cast in the part?
