

# Community News

Serving Beaver Dam, Boiling Springs, Flint Hill, Lavonia, Mt. Pleasant, Prospect, and Trinity.

Due to the bad weather conditions last week no community news will be published this week. Instead of the neighborhood news columns we have published several poems written by 3rd grade students at Boiling Springs Elementary School and students of Mrs. Linda Bryson. The students have their own ideas of what the weather was like last week.

## Winter Wonderland

Winter is fun.  
It is cold and snowy.  
The evergreen trees are  
covered with snow.  
We ride sleds and  
make snowmen.  
Days are short, nights are  
long.  
Dawn McSwain

## Winter Is

Very, very cold.  
It is a time for snow.  
And it is fun. The fires are  
going. We get to go ice  
skating on the cold, cold  
ice. The winds are  
very fast.

Jackie Winn

## Winter Wonderland

Winter is a time for fun in  
the snow, a pretty time.  
Trees are bare with white  
icicles on them. It feels  
cold and the snow is  
slick.

Kelli Troneberger

## Wonders of Winter

All is glistening in Winter.  
If you listen you'll enter  
the magical sights and Winter  
delights of Winter. The snow  
will be falling ever so gently.  
But sometimes you'll hear it  
go crunch-crunch-crunch.  
Becky Bookout.

## A White Winter

It is a cool, white winter.  
The fire place is filled with glitter and  
brightness.

Winter is here.

You make hot chocolate, buttered popcorn,  
and cool, white snow cream.

Winter is here.
