One Car Wrecks, Charge Reckless

A car traveling west on East College skidded off the road Friday night, struck a telephone pole, and then stuck in a ditch when the driver tried to reverse.

No injury was reported to the driver in the single-vehicle wreck, but the car, in which she was the sole occupant, was damaged about \$1000 worth, according to patrolman James Clary.

"It just bent the front of the car like this," Clary said, forming a V-shape with his hands.

Officer Clary charged her with reckless driving.

Fire and rescue departments both passed a quiet week with no calls reported.

DAR Winners

Susan B. Anthony and Thomas Edison were on the minds of some considerably younger people from Cleveland County last week. The two were subjects of the winnings essays in the American History contest on prominent Americans born before 1900. The Flinthills Chapter of the DAR sponsored the contest.

The winners, their parents and teachers were guests at the Feb. 11 meeting and were introduced by Mrs. James L. Padgett, program chairman. Miss Sherry Putnam, daughter of Mr. and Mrs. Robert C. Putnam of Shelby, was the winner from Crest Junior High. Miss Putnam was also a District II winner. Her subject was "Susan B. Anthony." Mrs. Tommy Wright was her teacher.

Michelle Lemons, daughter of Mr. and Mrs. Billy Lemons; and Douglas Allen, son of Mr. and Mrs. Lee Allen of Shelby, were winners from South Cleveland S School, and they chose "Thomas A. Edison" as their subject. Their teacher was Miss Ann Lancaster.

Big Turn-out For Screen

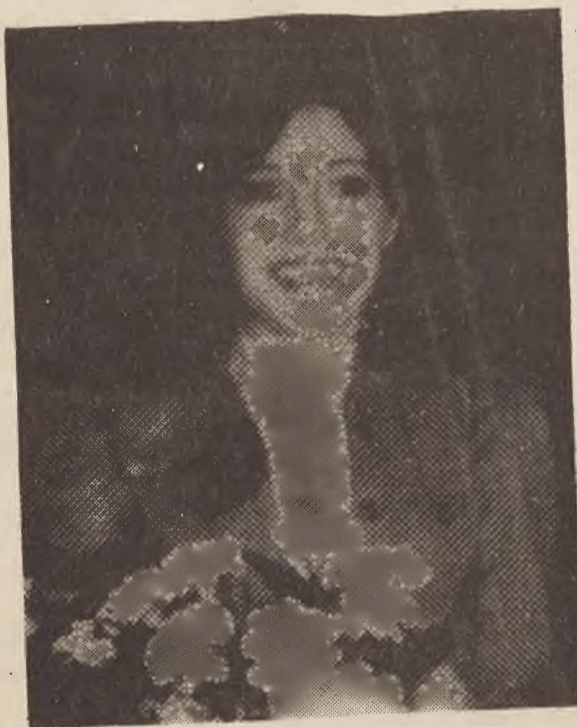

Uncertain about your weight, blood pressure, or possibility of diabetes, anemia, or glaucoma? The Senior Health Fair answered those questions for 138 participants at the Senior Citizens Health Screening last Monday week.

Screenings for health problems were conducted at the Fair, held at Boiling Springs Baptist Church, by staff from the Health Department and Mental Health. Among the participants, 29 never had before taken advantage of the free service citizens; 35 were 75 years or older.

Registered nurses reviewed each person's screenings, and when necessary, made referrals to private doctors for further evaluation. Sponsor of the clinic, the Senior Center in Shelby, emphasized that the screening should not take the place of regular examinations by a physician.

Boiling Springs Baptist was the first of four fairs in different sections of the county, making it more convenient, the Center explained, for senior citizens unable to get to Shelby.
