## PART OF HOSPITAL UNIT CALLED OUT

### Ordered to Concentration Camp at Allentown

One hundred and fifty men from the Base Hospital No. Fifty-Four detachment, organization of the Camp Greene base hospital are ordered to Allentown, Pennsylvania.

The men, all privates, received their moving order on Tuesday. They will be taken to the Pennsylvania concentration camp by Lieutenant George Upton, who will return to Camp Greene at once after delivering the quota of men at Allentown.

There was no small degree of excitement on Tuesday when the call for 150 men was delivered. The order broke as a thunder peal from a clear sky. Every man wondered if his name was on the list. There were throngs of men about the big oak tree when the names were posted.

Then came the preparation. The men who are to leave had to be relieved from duty. Nearly every department of the hospital was affected. Four men were taken from the registrar's office. Two were removed from the laboratory. From every ward an orderly or two was among the number to depart at once.

The names of those who are to go as soon as transportation is secured follows:

## TRUE COMRADESHIP

A finer sportsmanship than that needed to win baseball games was displayed, Friday afternoon, when Private Joseph Lawler, catcher for the base hospital team threw aside his mask and mitt and volunteered to give of his blood for the saving of the life of Fred Lee, a comrade of the detachment.

Lee underwent an operation on Wednesday and since that time has been in a sinking condition. On Friday afternoon his state was such that surgeons decided that only the obtaining of a supply of blood by transfusion could give him a chance to recover.

Since nearly all the detachment men were on the hall field where a game was on with the Motor Mechanics the call for volunteers to give of their blood was sounded there. Lawler was first to call out, "Here, sir." Others who responded at once were Sergeants Jorgenson and Walters and Privates Moyer and Reikel.

Lawler was taken and nearly a pint and a half of blood was taken from his body in order to quicken the circulation in Lee's system. Lawler feels no evil effects. He is receiving the marks of respect due him.

## WAR BROUGHT THEM TOGETHER.

"Are you Emmett?"

"Yes."

"I'm Carl."

And so Carl Haley, a base hospital No. 54 man, who is employed in the hospital detachment office, met his brother whom he had not seen for fifteen years. The brother is with 680 Aerial Supply division down in the lower part of Camp Greene.

When Carl heard that several companies of Texas men were being moved to Camp Greene he made inquiries down in the camp because his mother had written that his brother, who has been in the West for fifteen years, was with a Texas supply troop. So Carl found Emmet and there was a joyous reunion.
