Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood streams through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning, and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers — washing every cut, no matter how small, thoroughly with Liquid Borozone, the safe antiseptic. You can get Liquid Borozone at

Train Travel Cost Reduced Nearly 50% —for only 55% of regular fare you can buy, Fridays, Saturdays and Sundays until Aug. 30, inc., round-trip tickets good in coaches only, 15-day limit, between any points in the entire Southeast... 30-day limit tickets a trifle higher.
