The Superintendent announces he will be in his office each morning from 10 to 12 o'clock and will be glad to answer any inquiries concerning school work for the coming year. Robbers Enter Selma Motor Service Co.

Tuesday night the garage of the Selma Motor Service Station was entered by yeggmen and one acetylene welding tank and one oxygen tank were stolen. The number of the acetylene tank is 95092 and the oxygen 1944. Two men on yesterday driving a 1930 model Chevrolet made an inquiry of a Mr. Johnson who runs a corn mill in Selma if any one had an acetylene welding tank in Selma and were told that the above firm did welding, but at this time no one has called at this place for welding. It is thought by the officers here that an attempt will be made to blow a bank or some other safe in this community.

G. A. Braswell Killed As Car Leaves Bridge

George Amos Braswell, 45, was instantly killed Friday night about ten o'clock when the car in which he was riding and driven by his sixteen-year-old son, Amos, ran off a bridge near Rains cross roads, two miles north of Princeton. Mr. Braswell was a prosperous farmer, residing on Princeton route 1, near Royall school. His son was badly injured about the head.

The funeral services were conducted Saturday and the enternment took place at the family burying ground near the home. The deceased leaves a wife and six children.

Democrats Nominate Barber For Sheriff

Smithfield, N. C., Sept. 28.—The Johnston County Democrats held a convention in the Planters Warehouse here this afternoon for the purpose of nominating a candidate for sheriff to fill the vacancy on the Democratic county ticket caused by the death of Sheriff R. H. Richardson, who had been nominated in the primary for a second term of office.

The convention was called to meet at 2 o'clock, and there was quite a crowd present when the hour arrived.

Paul D. Grady presided, and for about 4 hours there was a lively contest between the several candidates for the nomination.

Seven candidates were placed in nomination as follows: J. D. Underwood and Dan Jones of Smithfield; Walter P. Creech and Julius Lee, of Clayton; R. U. Barber and Parlia Hudson, of Benson, and John Myatt, of Cleveland Township.

In the early balloting Jones was in the lead with Barber occupying second place. On the third ballot Smithfield could have given Jones the nomination by invoking the unit rule, as Jones only lacked a few votes of reaching the goal, and several Smithfield votes went to other candidates. But after five of the candidates had been eliminated, and only Barber and Jones were left in the race, Clayton adopted the unit rule and gave the full strength of that township to Barber. In this final ballot, after it was seen that Barber was to be the winner, he received increased support from several of the other townships.

There are always some people who are looking for an opportunity to get on the band wagon, and this adds strength to the fellow who has been picked out for a winner. There are reports on the streets tonight to the effect that after being nominated for sheriff R. U. Barber resigned from the county ticket as candidate for re-election as county commissioner, and that R. C. Pleasant, of Pleasant Grove Township, was named as a candidate for county commissioner to fill the vacancy.

After the county convention was called a week ago, by Chairman Beddingfield, several of the candidates for the nomination got busy traveling over the county and getting their friends lined up for the fray. Each had his workers and a number of cars were kept busy until the convention was well under way bringing in the voters from the various townships. One man was reported to have made four trips to "evangelize" township and brought four automobile loads of people from there to Smithfield. A light shower had wet the cotton in the fields, and this made it easy to get farmers to take a free ride to Smithfield.

Explains Action As Farm Loans In West

Smithfield, N. C., Sept. 29.—Robt. A. McLean, Field Inspector of the Crop Loan Division of the United States Department of Agriculture for Johnston County, was asked this morning for the facts concerning the newspaper reports of announcement made in Washington yesterday that the grain growers would only be required to pay 25 per cent of their government crop loans due this season. Mr. McLean said that the press had failed to give a full explanation of the matter thereby causing the existing confusion. He said the plan is intended to enable the grain growers who desire to do so to hold their grain for several months and thus keep it from being dumped on the market at this time. He said this was in line with what is being done for the cotton farmers of the south. He said when a cotton farmer did not want to sell his cotton to meet a crop note at the time of maturity he could surrender his cotton to the proper government official and have it held until next March before being sold.

A Tribute to North Carolina

Bruce Barton, author of "The Man Nobody Knows," has written this tribute to North Carolina for the "Parade of the States" Monday night programs of the General Motors Corporation, part of an educational plan to make the country as a whole better acquainted with the individual states—their history, scenic beauty, industries and people.

TO North Carolina, the Old North State, the Tar Heel State, the state whose greatness has been achieved by her own native sons and daughters, with little aid from without . . . to North Carolina, General Motors pays its tribute.

One of the thirteen original states, she has played in many fields the heroic role of the pioneer. On her soil was planted the first English colony in what is now the United States, and the first Anglo-Saxon child in the New World was born. Virginia Dare was the child, and her name lingers on in our memories, though her fate is forever veiled in the mystery of the Lost Colony of Roanoke Island.

In North Carolina, on the wind-swept sand hills of Kitty Hawk, the Wright Brothers flew the first airplane.

The Old North State gave the nation Presidents Polk and Johnson, and from the same sturdy pioneer stock sprang Andrew Jackson. Her rugged mountains bred ruggedness in the character of Daniel Boone.

Those mountains have not lost either their ruggedness or their charm. Dreamily beautiful they are . . . the Blue Ridge and the Great Smokies, "The Land of the Sky" . . . covered with virgin forests, cut through with foaming rivers, peopled by hardy mountain folk who still preserve in their speech and customs the traditions of Elizabethan England.

From Mount Mitchell, the highest peak east of the Mississippi, an empire of fertile valleys and plains slopes down to the Atlantic, an empire boasting climate of splendid variety and an almost bewildering wealth of products.

Down from the mountains come the rivers and streams to be transformed into the magic of electric energy, and so to drive the wheels of hundreds of textile mills and the vast tobacco factories of Durham, Winston-Salem, and Reidsville.

Up to the mountains and to the pine forests go tourists from all over our land, to find health and refreshment and delight at Asheville and Pinehurst and many another beauty spot.

You, too, must go. You must ride along the famous modern roads of North Carolina, penetrating every corner of the state. You must visit Raleigh, the charming old capital. You must see Greensboro, where Dolly Madison and O. Henry were born; and Guilford Court House; the State University at Chapel Hill, and Duke University at Durham, so magnificently endowed by the generosity of one of the state's devoted sons; and the great dream of happiness fulfilled.

On North Carolina's behalf General Motors extends this invitation to the people of America, knowing that a gracious friendliness has ever been the portion of those who come within her borders. Step into your car and go. Go and linger. Nowhere is the past more instructive or the present more inspiring than in the Old North State.

Selma Man Badly Hurt When Cut With Knife

Bud Wilkins Goes After Capt. A. T. Lee With Blood In His Eyes and Puts Him In Hospital While Wilkins Lands In Jail.

What may result in fatal knife wounds were inflicted upon the person of Capt. A. T. Lee, section master for the Southern railroad here Tuesday afternoon about 6 o'clock, when Bud Wilkins, a discharged employee of Capt. Lee attacked him on Main street near Dean's Drug store when he drew a knife and slashed Capt. Lee across the left breast and stomach. After the cutting, Lee ran toward the police station, a short distance away, with Wilkins following and waving his knife.

Lee was taken to the office of Drs. Vick and Person where he was given treatment and later rushed to the Johnston County Hospital at Smithfield. Wilkins was arrested and placed in the county jail at Smithfield without bond.

Wilkins had been in the employ of Capt. Lee for seven years but was fired by the section foreman Tuesday morning. Lee has a wife and six children, and is about 45 years old.

It is alleged that Wilkins had been warned repeatedly that if he did not stop drinking that he would lose his job and that it was when he insisted on repeated indulgence to the point of excess that Capt. Lee informed him that his services were not needed any more. The next performance recorded by Wilkins is told above.

State Fair Boosters Take Selma by Storm

Like a swarm of grasshoppers on a western prairie, the Raleigh State Fair Boosters swooped down on Selma Wednesday morning at 9:05 o'clock and were greeted by a large per cent of the citizenship of Selma.

Mayor W. W. Hare in a few well chosen remarks welcomed the Boosters to our town and assured them that Selma would be well represented at the North Carolina State Fair in Raleigh next month. Mr. Hare then introduced Frank Daniels, son of Hon. Josephus Daniels, of the News and Observer, who extended a cordial invitation to all to attend the Fair in October. The State college band rendered a few very enjoyable selections, while copies of the State Fair Special News were distributed among various citizens who assembled to greet them. The whistle man was about the most conspicuous character in the bunch as he passed among the children and placed in each one's hand a nice little whistle, and as word was given for all to get aboard and went speeding in the direction of Pine Level, our citizens viewed the parting parade about like the average farmer views the landscape after a great downpour in the grassy month of June when chirping frogs broadcast their gladdening songs in one united chorus—for hundreds of whistles shrieked throughout every inhabited area from glad-hearted children's mouths.

These Boosters were out on a two-day tour of eastern North Carolina which carried them through about 50 important towns and villages. They spent Wednesday night in Elizabeth City and are making their return tour to Raleigh today, being scheduled to arrive back in the Capital city at 6 o'clock this evening.

Two Wet Groups Will Not Support McAdoo

Jouett Shouse and Mrs. Chas. H. Sabin Say Their Organizations to Back Tubbs, Who Is a Republican.

Washington, Sept. 27.—Jouett Shouse, president of the Association Against the Prohibition Amendment, announced today that his organization will support Tallant Tubbs, California's youthful Republican nominee for the senate, against William G. McAdoo, the Democratic candidate.

Simultaneously, Mrs. Charles H. Sabin, national chairman of the Woman's Organization for National Prohibition Reform, made known in New York, that the California division of her association would not support McAdoo.

Shouse said his organization's decision to support Tubbs, out and out opponent of prohibition, was reached by unanimous vote of the executive committee. The announcement aligned Shouse, who until this summer figured in the Democratic party's high councils, against the man for whom he sought the presidential nomination in 1924. He was floor leader for McAdoo at the Madison Square Garden convention.

Shouse became president of the anti-prohibition association this year soon after ending his service as chairman of the Democratic national executive committee.
