**DID YOU EVER STOP TO THINK**

By **EDSON R. WAITE**  
Shawnee, Oklahoma  
Harmony can do wonderful things for some cities.

Advertising a city is a business—not child's play.

People will go miles to get to a good, live city to trade.

No advertising gives as quick returns as newspaper advertising.

Business comes where it is invited and stays where it is well treated.

The city which does not seek something better than it now has is going to lose out.

A glance through the advertising columns of your newspaper enables you to tell in a few minutes all you want to know, and where to get the service or articles you may need.

Some cities are order takers; they take what come to them. Other cities are order getters; they make up their mind what their city needs and then go after it until they get it.

**DO ADVERTISED PRODUCTS COST MORE?**

A new study of the consumer costs of advertising shows that the efficient advertiser is able to deliver his goods at a lower cost than the merchant who does not advertise. The editor of the Woman's Home Companion, summing up this study, remarks: "Paradoxical as it may seem, there is no doubt that good advertising, while it is of course included in the final cost you pay for a product, does not raise that price. It actually reduces the price below what you would have to pay for the same article unadvertised."

**GOOD OLD COTTON**

"Cotton is king" of the textiles just as it was when James Henry Hammond referred to it as such in the United States Senate in 1858. It took a good many years for the cotton mills to learn that textiles should be classified, and the different grades of textiles specified. But that was accomplished by scientific processes of mercerizing and the selection of the best products of the cotton fields.

As a result the American public has learned that just as there are different grades of corn, wheat and other agricultural products, so are there variations of grades of cotton. So it has come about that cotton appears on the backs and legs of some of the best dressers in the country, and the prejudice against cotton goods has largely disappeared for the very good reason that mercerized cotton makes up so handsomely that it is reasonably to believe the admission of a prominent writer upon textiles that "nobody knows the difference."

Anyhow, Mrs. Hoover and Mrs. Coolidge wore cotton on many state occasions, and as the new First Lady of the Land is noted for her progressive attitude in standing by American products it is certain that it will not be long before she does something to advance the cause of the cotton producers.

**SCIENCE KEEPS MOVING**

A recent paper issued by the Illinois Medical Association copies of which have been received by Government Departments in Washington shows the discovery that evaporated milk is an excellent prescription for treatment of ulcer patients. This has opened a new and wide use for the product of "contented cows." This means, of course, that those patients who were unable to take the usual treatment of raw milk and cream, can still use milk in another form.

Evaporated milk, the medical profession has found, leaves no irritating effect of free fatty acids, is more easily digested than raw or pasteurized milk and its curd is softer and more flocculent.

**COTTON REPORT**

Census report show that there were 40,220 bales of cotton ginned in Johnston county for the crop of 1932, as compared with 40 bales from the crop of 1931.

**WHERE DO WE GO FROM HERE?**

It was called to my attention last Sunday morning that C. A. Jacobs had become interested in the town election just ahead of us and had gone to Smithfield and secured a record of the checks issued under orders of officials of certain relief programs instituted under the reign of Mr. Hoover and said checks having been widely distributed under certain regulations throughout the entire United States for the direct benefit of the unfortunate and those not able to obtain work during the so-called Hoover panic.

I have been informed that his motive was to attempt to show that the money had not been properly distributed in this locality and if possible to find some irregularity to broadcast same to the folks to the end that the Honorable W. W. Hare might have to suffer politically. In carrying out this plan, I am informed by reliable people that he ran across a check made payable to Mrs. E. G. Hobbs in the amount of \$2.00 and ran back over here and stated that she had applied for relief or some fool statement similar to that.

The facts about the check are as follows: A certain poor negro man with nine children came by the house Christmas and told Mrs. Hobbs that he understood that she had a stove to sell. She showed him the stove and they agreed upon a price which was \$2.00. The negro informed Mrs. Hobbs that Brother Singleton would stand for the stove and Brother Singleton gave the negro a note certifying that he, as head of the relief organization, would see that the money would be paid. After the negro had performed certain work, Brother Singleton issued an order, as a result of said order one check was issued made payable to Mrs. E. G. Hobbs, said check being dated December 30, 1932. Now I do not object to Mr. Jacobs running his mouth just as much as he desires but if he does not know that it is bad business to circulate false statements on innocent ladies, I will have to find it necessary to take time out to teach him a lesson if he admits to me my wife had applied for relief and had received money from the relief board.

I do not know whether Mr. Hare will be re-elected mayor again but I do know that I have always found Mr. Hare to be a gentleman and capable of handling the affairs of the Town of Selma as well as any man I know of in Selma. And I say this without regard to how C. A. Jacobs feels about it for personally, I don't care a tinkers damn how Jacobs feels about anything or any of my friends. And the only purpose of this statement is to keep the record straight.

As far as I know the relief fund allotted to Selma has been handled just right. And if Mr. Jacobs is against the way it has been handled he has the right to kick as long as he does not involve the rights of other folks.

Mr. Jacobs has been drawing relief from the United States Government for a great many months through the Veterans Administration. He comes under the law passed in 1930 allowing certain veterans so much per month for certain disabilities not contracted in the service of the United States forces in time of war. He has a rating, I am informed, of 50 per cent non-service connected disability and this rating carries with it a payment of \$18.00 per month to the veteran. I hold that if Mr. Jacobs is entitled to \$18.00 per month from the Government, certainly the people who have found it hard to live and were hungry until March 4th, 1933 should be entitled to some consideration; and it must be remembered that Mr. Jacobs was one of these Hoover-crats.

I am sorry that it is necessary to make this statement but upon close investigation, I found that this false report had been widely circulated by certain people. I am far from being on the charity list and if it should become necessary for my wife to get any relief, she has people in Asheville and other points who are blessed with much of this world's goods.

Mr. Hare will never be whipped for Mayor by those interested in circulating false statements concerning his office. Personally, I have a high opinion of Mr. Hare and every member of his board; including Mr. Wall who keeps the records.

This the 21st day of March, 1933.  
Signed: E. G. HOBBS.

**Pastors Exchange Pulpits**

Rev. C. E. Culbreath, pastor of the first Methodist church of Dunn, exchanged pulpits with Rev. L. T. Singleton for the morning service at Edgerton Memorial Methodist church Sunday, March 19, and preached a deeply spiritual sermon, his theme being "Feed My Sheep." While in the city Mr. Culbreath was the guest of Mr. and Mrs. W. T. Woodard.

**Circle "B" Entertained**

Miss Ellen Talton, Mrs. Ida Sheron and Mrs. Joseph Peedin were joint hostesses to the members of Circle "B" Tuesday evening at the home of Miss Talton. Mrs. W. D. Fields presided over the business period and good reports were heard from all groups in the Circle, \$100. was paid by this circle on the church indebtedness.

Two very unique contests had been arranged by the hostesses, Mrs. W. D. Fields was winner in the first and Mrs. J. T. Hughes in the second, each was given an appropriate prize, Mrs. W. A. Nordan received the consolation prize.

The hostesses served congealed fruit cup topped with whipped cream and cherry and wafers.

The next regular meeting will be held Tuesday night, April 18th with Mrs. Oscar Creech and Mrs. Herbert White, hostesses.

**Justice Hughes Has Busy Day**

Justice of the Peace John T. Hughes had a very busy day Monday. At 9 A. M. he tried Lida Daughtry, young white woman, on the charge of operating a disorderly house in the town of Selma. She was sentenced to 30 days in jail, sentence to be suspended upon payment of the cost, \$6.05, and move out of the county. She chose the latter. In the afternoon Lida had a warrant sworn out for Mrs. Evans, whose husband appeared against her, on the same charge. She was given the same sentence. All parties were given three days in which to leave the city.

**SAY, MR. FARMER!**

Charlie Corbett wants to see you about your Fertilizer needs. He can tell you what Ober's has done and will do now in making you a real Tobacco Crop that will bring you the Highest Market Price. He has all the different kinds and materials you need. Mr. Corbett will also give you above the market for your cotton in exchange for fertilizer. It will pay you to see him. If you have bought part of your requirements and need some more, see Mr. Corbett and he will show you what a costly mistake you made in not seeing him before. See Charlie Corbett and Bill Joe-Austin in regard to Cotton Fertilizer.

**PASS ON THE TORCH**

Pass on the torch, pass on the flame, Remember whence the glory came; And eyes are on you as you run, Beyond the shining of the sun.

Lord Chri, t, we take the torch from Thee,  
We must be true, we must be free,  
And clean of heart and strong of soul,  
To bear the glory to its goal.

O Lord of life, to thee we kneel;  
Maker of men, our purpose seal!  
We will, for honor of thy Name,  
Pass on the torch, pass on the flame

**It's SAFE!**

Everyone accepts the fact that Bayer Aspirin is the swiftest form of relief for headaches, neuralgia, neuritis, periodic pain, and other suffering. If you've tried it, you know. But no one need hesitate to take these tablets because of their speed. They are perfectly safe. They will not depress the heart. They have no ill effect of any kind. The rapid relief they bring is due to the rapidity with which they dissolve.

So, keep these tablets handy, and keep your engagements—free from pain or discomfort. Carry the pocket tin for emergencies; buy the bottle of 100 for its economy. The new reduced price has removed the last reason for trying any substitute for genuine Bayer Aspirin—each tablet stamped with this cross:
