GREATEST EXPOSITION IN WORLD'S HISTORY TO ATTRACT MILLIONS

RESOLVE NOW TO BE ONE OF THE LUCKY PERSONS TO GO ON THIS MARVELOUS TRIP

On July 30, 1933, those who win one of the trips will be making their plans to see the most marvelous exposition since the beginning of civilization—the "Century of Progress"—Chicago's second World's Fair.

Seven days of spectacular entertainment, delightful travel and luxurious hotel accommodations absolutely FREE to the lucky persons who go on the trip.

Think of the magnificence of such a trip! All the miraculous achievements and wonderful progress made by mankind during the past century will be recorded and staged in a panorama of striking grandeur.

Months in advance of the formal opening the Exposition is rapidly taking form. Vast buildings covering acres of ground have risen on the site. In every phase of the activities—including exhibits, the enlistment of support by the state and federal governments, participation by foreign nations, exhibits by great industries, amusement, transportation, restaurant and food concessions—remarkable progress has been made.

Among the spectacular buildings already completed are a replica of old Fort Dearborn, the Golden Pavilion of Jehol, a reproduction of China's finest Lama Temple; the Federal Building, and the Hall of States. In this latter, forty-four states of the Union have already pledged in excess of \$2,000,000 for exhibits. The United States government will be represented by a special building and exhibit for which Congress has appropriated \$1,000,000.

Ten foreign nations, France, Roumania, Persia, Turkey, China, Honduras, Guatemala, Ecuador, Cuba and Brazil, have announced their plans to participate in the Exposition. More than 200 of the greatest corporations and associations in the United States have reserved exhibit space with construction costs estimated at \$4,000,000.

### GORGEOUS ILLUMINATION.

One of the most fascinating aspects of the Exposition will be the illumination of the grounds at night. New history in the science of lighting promises to be written during the 150 nights of the "Century of Progress" exhibit.

### ENTERTAINMENT FOR ALL AGES

The Century of Progress exposition will have its lighter moments! A Midway—the name coined from the amusement sector of the 1933 World's Fair—with attractions that rival the most fantastic wonders of Arabian Nights will operate for the amusement of all ages.

### Interesting Items From Smithfield

Rev. H. G. Bedinger, president of Flora McDonald College, has accepted an invitation to preach the baccalaureate sermon, which is the first thing on the program of the commencement exercises of the Smithfield high school.

This service will be held in the school auditorium beginning at 11 o'clock Sunday morning, May 21.

The churches of the town will have no morning services on that date, in order that all may have an opportunity to hear the baccalaureate sermon.

The band and the orchestra concert is scheduled for Tuesday, May 23, at 8:15 p. m.

Piano Recital, May 24th, at 8:15 p. m.

English department recital, May 25 at 8:15 p. m.

Graduating exercises, Friday, May 26, at 8:15 p. m.

The commencement address will be delivered by State Auditor Baxter Durham, of Raleigh.

Those who can qualify and so desire, may now register at the County Welfare Office in the courthouse at Smithfield, for unemployment in the United States forestry service.

They must be between the ages of 18 and 25, unmarried, and must have relatives who depend upon them for support.

The pay will be one dollar a day with board, lodging clothing and medical attention.

Those who work around these reforestation camps will not be allowed to spend much of their money as the greater part of it will be sent to their dependents.

Not more than one boy from a family will be accepted. There are so many restrictions that comparatively few can meet the requirements.

The young peoples conference of the Granville Presbyterian held at the Smithfield Pre-byterian church last Saturday, was well attended, there being probably 100 of the young visiting members between the ages of 14 and 18, representing the various churches.

Interesting talks were made by Rev. J. P. Smith pastor of the local church, Rev. D. F. Waddell, of Selma, Rev. W. C. Cumming, of Henderson and others.

It appears that the powers that be at Washington are going to make gold coin a scarce article in these United States of America. There is now a poster in the lobby of the Smithfield postoffice calling attention to the fact that all who have as much as \$100.00 in gold coin bullion or gold certificates must deliver this money to a Federal Reserve Bank or to a member bank of the Federal Reserve system and receive other money in exchange for it on or before May 1, 1933, under penalty of \$10,000.00 fine or 10 years imprisonment, or both.

The rainy weather last week caused considerable delay of farm work and the cold has somewhat retarded the growth of corn and other crops that were planted early. Blue mold is said to be spreading and destroying thousands of tobacco plants in many sections of Johnston county.

**Man Kills Himself After Shooting Wife**

J. L. Leonard Commits Suicide At Rocky Mount—Mrs. Leonard May Die.

Rocky Mount, April 23.—J. L. Leonard, 23, employe of a bottling company, shot and probably fatally wounded his wife, Mrs. Rosa Leonard, and then committed suicide at his home here this afternoon.

Mrs. Leonard was at a hospital, where physicians said her chances for recovery are slight. One bullet entered her side and penetrated her abdomen.

She told officers the shooting grew out of domestic troubles over a period of several years. She said had just returned from a trip to Baltimore, which her husband had

forbidden her to take. She said he accused her of traveling with another man but she denied she had done so.

Mrs. Leonard said her husband met her at the front door and shot her after making the accusation.

Neighbors who witnessed the tragedy said Leonard shot his wife as she stood on the front porch and then walked into the yard and fired a bullet through his brain.

The couple had one son, William, eight.

### John Lane Kills Edward Durham

Edward Durham, colored, aged 25, was shot to death at his home here early Sunday morning by John Lane, also colored. From the best information obtainable it seems that a card party was in progress at the Durham home when a dispute arose between Lane and Durham which resulted in the killing of Durham. It seems that there was evidence of drinking at this party and this, no doubt was largely responsible for the shooting.

Fannie Parker, Maggie Parker, Nathan Blake, Ernest Johnson and Hugh Ford were said to have been eye-witnesses to the killing. Durham is reported to have left the house after being shot and died near his home soon afterward.

John Lane had been in the employ of the Southern Railway here for a number of years.

As we go to press there is no information that the coroner's inquest has been held. Lane is still at large.

She said he accused her of traveling with another man but she denied she had done so.

Mrs. Leonard said her husband met her at the front door and shot her after making the accusation.

Neighbors who witnessed the tragedy said Leonard shot his wife as she stood on the front porch and then walked into the yard and fired a bullet through his brain.

The couple had one son, William, eight.

#### Registration of Unemployed Began In Smithfield Monday—Young Men Between 18 and 25, With Dependents May Apply For Work In Reforestation Camps.

(By H. H. LOWRY)

The first contingent of forest workers from Johnston county was selected Wednesday by Mrs. D. J. Thurston, county welfare superintendent, and within the next few days will be sent to the recruiting station in Raleigh. The first group chosen includes ten boys, ranging from the ages of eighteen to twenty-five inclusive.

The following boys were named in the first group: Herman Monarch, Selma; Thelbert Barbour, Four Oaks; Paul Moore, Four Oaks; Herbert Brock, Smithfield; Wade Boyette, Smithfield R. F. D. 2; Wade Strickland, Benson; John Paul Jones, Princeton; John Fulk, Ollie Gillispie and James Turner. The last three named are boys above 18 dismissed from the Pythian Home at Clayton.

From the recruiting station in Raleigh these boys will be sent to Fort Bragg, where they will remain in camp for two weeks to be conditioned prior to their entrance into one of the many forest camps already established throughout the United States. The workers from Johnston county will in all probability be placed in one of the eight camps proposed for the Pisgah Forest, a part of which covers a section of the western part of North Carolina.

According to Mrs. Thurston the second group will be selected the latter part of this week, and a third selection will be made later than this.

These boys are chosen from the boys of the needy families and are of the highest type of boys, regardless of class. Each boy must be single and between the ages of 18 and 25 inclusive. And only on whom their families are dependent will be chosen, according to Mrs. Thurston.

After the men enter the camps they will be paid thirty dollars per month and will be required to send a minimum of \$25 of this pay back to their dependent families. In many instances the men will be encouraged to send as much of \$27 to their families. The men will have no current expense except tobacco and such things as tooth paste. Their clothes and food will be furnished free by the United States government.

When registering each man is asked to list training in any field in order that special camp duties may be given to those best qualified, and simplify the matter of organization after reaching camp.
