Kenly defeated Selma at Kenly Wednesday afternoon by the score of 8 to 6 in a hectic game of baseball. The game was marred by argument on both sides with Kenly getting the best end of the bargain, in every instance. The rival teams could not agree on the decisions of the umpires. Kenly out-hit Selma 11 hits to 9 and took advantage of the breaks to win. Fuquay pitched for Selma and hurled a nice game but was not backed up so well. Hinton started on the mound for the winners but retired in favor of Ballance in the fifth inning. Davis, Barnes, and Ballance led the Kenly hitting with 2 hits each. Kemp, for Selma, connected for 3 doubles to lead the Selma hitting and Worrell was close behind with a double and two singles. Kemp received credit for three doubles although he was called out on one of them for failing to touch first base. The writer thinks the umpire misfired on this decision.

PINE LEVEL WINS

Pine Level, Aug. 2.—Pine Level scored three runs in the ninth to defeat Smithfield 11-10, here today. With two runners on base, pinch-hitter Eugene Parker singled to send in two runs to tie. He moved to third on an error and second on a perfectly laid squeeze bunt by R. White.

Prince and Strickland pitched and White caught for Pine Level. Johnson and Parrish pitched and Honeycutt caught for Smithfield. There were 35 base hits in the game, with the locals getting 18.

T. Crocker, Bill White and Strickland, each with three hits, led Pine Level. Honeycutt and R. Parrish led Smithfield.

CLAYTON WINS

Clayton, Aug. 2.—Cooke Moore, Clayton pitching ace, held Princeton to three hits today as the locals took a 9-3 decision. Clayton got nine hits off Author. The visitors made half a dozen errors, while the locals played errorless ball. J. Barnes and Atkinson, each with two hits, paced Clayton.

Wiggs caught for Princeton; J. Barnes for Clayton.

Angier Fails Selma

Angier failed to show up for their scheduled game with Selma last Monday, after Selma had extensively advertised the game. Selma had gone to a lot of expense for this game and was very much disappointed when the Angier club did not come. The local club went to Angier a month ago for a game and were defeated, and Angier was supposed to return the game the following week, but were unable to do so. Another date was set for the game and Angier again failed to show up. If Selma ever schedules another game with Angier, the locals expect to demand a cash guarantee of a return game.

Interesting Items From Smithfield

The minds of the business and profession men and women and all employers of labor outside of agriculture in Smithfield and vicinity have for several days been largely employed with the problems connected with the President's Reemployment Agreement, and NRA (National Industrial Recovery Act).

Last week quite a number of letters were received at the Smithfield postoffice which were to be delivered to those who were employers of three or more people. On each of the envelopes the words "To Every Employer" were printed in large type. In each were one copy of an agreement which was headed by a printed note from President Roosevelt asking that the agreement be signed; and a blank "Certificate of Compliance". The agreement is to be mailed to the Department of Commerce at Norfolk, Va., and the certificate of compliance is to be delivered to the postmaster, in exchange for a supply of cards, stickers, etc., which may be used to show that the possessor is a member of the NRA (National Recovery Administration).

The agreement pertains to the hours of labor, and wages to be paid to employees.

A meeting was held in the court house Monday night which was attended by about 100 people, mostly business and profession men, in an effort to work out a plan for the uniform opening and closing of the stores here, in each line of business, but the meeting adjourned without reaching agreements in all the lines.

During the two first days of the NRA campaign, August 1st and 2nd, there were handed in at the Smithfield postoffice 18 certificates of compliance.

Johnston Farmers To Receive \$75,000.00

County Agent J. B. Slack was in Selma Monday and stated that township committees have started making final inspections on cotton fields where the cotton has been plowed up. As soon as these inspections have been made a sheet certifying that the producer has performed his obligation is sent to Washington. Upon receipt of these certificates the Washington office will mail checks for cash benefits and options to the farmers who took the option plan. "Johnston county farmers should start receiving checks," said Mrs. Slack, "the latter part of this week."

"Johnston county farmers will receive a total of approximately \$75,000," said the county agent, "in cash, plus options on approximately 3,450 bales of cotton at six cents per pound."

"This cotton if sold on the basis of present cotton prices would bring the farmers receiving these options an additional \$80,000."

Mayor Godwin Speaks To Local Bible Class

Mayor William I. Godwin lectured to the members of the Alma Edgerton Bible class of the Methodist Sunday School Sunday morning at 10 o'clock. This class of men is one of the largest, if not the largest, in Johnston county. It was named in honor of Mrs. Alma Edgerton, of Raleigh, who was its faithful teacher for a number of years.

Mayor Godwin spoke on "Gideon, Winning With Small Resources." "For Years," said the speaker, "the Midianites, fierce desert dwellers of the East, had been crossing the Jordan in hosts and despoiling the peaceful inhabitants of Canaan. The Angel of the Lord then appeared unto Gideon and gave him a message to lead the people." "Shunning a duty which one is clearly fitted to do is a trait observed over and over in human nature. We see it about us at all times. How many have been asked to lead in the affairs of the church only to object and suggest that someone else 'better fitted' shall be given the task. This story of Gideon sounds strange and almost unreal to the citizens of the world in this year of grace 1933."

Some of our ministers say that you can't judge a man at his work and tell what he is, that he shows his real self in his leisure hours. Well, with all our other faults, we may be blind or cross-eyed, for that is exactly where we judge him. If he carries his religion from Monday morning until Saturday night all through the heat and trials of his job, we will trust him on Sunday. A good case of religion is just like a case of measles, it will break out on Monday just as well as it will on Sunday.

Storm Does Much Damage Near Selma

According to J. C. Avery, local hail insurance agent, the severe hail storm which visited the section of Johnston County a few miles north of Selma Thursday afternoon did considerable damage to the tobacco crops of W. O. Fields and tenants; J. M. Driver, J. D. Massey, Sam Thorne, J. P. Eason and tenants and others. Mr. Fields was the heaviest loser. He had twenty acres of fine tobacco which was damaged 25 per cent. Mr. Driver estimates his damage to twelve acres at 25 per cent.

The center of the storm covered an area of about a mile in width and about three miles in length. The hail was accompanied by a heavy wind which uprooted many trees in its path and a heavy down-pour of rain. The damage to growing corn and other crops is considerable as many of these crops were leveled to the ground.

Selma experienced a heavy gust of rain with a wind of almost cyclonic portions, but with only a scatter of hail pellets. The clouds rolled in angry-looking rifts as the storm approached, and Selma residents were apprehensive lest there might develop a most destructive storm over our city. The storm was accompanied by glaring flashes of lightning and deafening peals of thunder as it gained in intensity. Just to the north of us.
