Improvement Made The In Farm Program

An important improvement in the Agricultural Conservation program, effective in 1941, has been announced by G. T. Scott, Johnston county farmer and chairman of the State AAA Committee. It provides for more emphasis on the conservation phases of the program, makes the AAA program more adaptable to all farms in the state, encourages the production of food and feed crops, and should greatly reduce the cost of compliance.

"General soil-depleting allotments will be discontinued with the 1941 program and payments will be based upon the amount of soil-building accomplished," Scott stated. "The farmer who earns all soil-building units will earn his maximum payments for planting within special allotments, such as tobacco, cotton, peanuts, and commercial wheat, potatoes, and vegetables in designated counties."

As an example of how the new plan works, Scott said: "Suppose Farmer Jones had set up for his farm a total farm payment of \$100, made up of \$50 for planting within special crop allotments and \$50 to be earned for carrying out practices, such as seeding legumes and grasses, winter cover crops and green manure crops, terracing, contour strip-cropping, forestry practices, home gardening, application of liming materials, and the like.

"If Farmer Jones only carries out enough soil-building practices to earn \$40 of his soil-building allowance, then he would only get \$40 of his special allotment payments, giving Farmer Jones a final total payment of \$80 instead of \$100. That's because he earned only 80 per cent of his soil-building goal. Of course, if he carried out enough practices to earn his entire \$50 in soil-building allowance, he would receive his full \$50 for planting within special crop allotments."

HOME COMING DAY AT A. C. COLLEGE

A large representation of former students of Atlantic Christian College is expected to be on hand Friday and Saturday, November 1 and 2, for the annual Homecoming activities. The program has been lengthened and made more attractive again this year, as it was last year when the new Howard Chapel was dedicated to its triple-fold use—music, drama, and religion. This year the program will begin Friday night with a concert for the students and returning alumni by Mr. Herbert A. Bird, talented North Carolina violinist, and will continue through Saturday evening, when a program will be presented jointly by the music and dramatic departments.

Saturday morning at eleven o'clock the general assembly will be held in Howard Chapel. At this time, the Rev. John Barclay of Wilson will speak and the Glee Club, under the direction of Professor John Winston Fontaine, will sing. This meeting will be conducted by Russell Roebuck, alumni secretary.

Following the general assembly, the classes will hold their reunions. This year the 1940, 1935, and 1930 classes have planned programs and have made special effort to have a large attendance. At 12:30, the alumni association will hold its semi-annual luncheon in the dining hall at which time the regular business session will be held. Early Saturday afternoon, the dormitories will be open for inspection, and from 4:00 to 5:30, the fraternities will be at home to their alumni.

The activities will end Saturday evening at 8:00 with a short organ recital by Mr. Russell Roebuck and the production of two plays by the Dramatic Club, under the direction of Miss Eleanor Snyder. It will present "Dust of the Road" by Kenneth Sawyer Goodman, and Barrett Clark's adaptation of "The Doctor in Spite of Himself" by Moliere.

The activities this year have been planned by Mr. Russell Roebuck, newly appointed alumni secretary, and Mr. B. G. Mattox of Smithfield, alumni president, in connection with the steering committee of the association comprised of Mr. Milton Adams, Mr. Ernest Paschall, Miss Georgia Brewer, Miss Madeline Brooks, Professor John Waters, and Professor C. A. Jarman of Wilson; Mr. F. W. Weigmann of Dunn; Mr. J. M. Perry of Robersonville; and Mr. C. B. Mashburn of Farmville.

Fulfilling A Pledge

On May 18, 1939, when the Brewers and North Carolina Beer Distributors Committee was formed, a definite and sincere promise was made to the public.

We pledged the beer industry's aid to law-enforcement agencies to the end that retail beer dealers operate lawfully and in the public interest.

The committee believes its pledge has been fulfilled. During the past 17 months it has aided the authorities in ridding the state of 131 undesirable beer outlets—107 by revocation, one by surrender and 23 by refusal to renew licenses.

You can help by restricting your patronage to those places which obey the law.
