Eastern League Mgrs. Hold Meeting In Kenly

A meeting of the managers of all clubs in the Eastern Carolina Baseball League met at Kenly Friday evening. President J. Oscar Creech, who called the meeting, reports a very enjoyable and enthusiastic meeting. It was decided to give Spring Hill four new players to replace those who have been called to the army and those who have accepted jobs elsewhere. Selma, Goldsboro, Princeton, Pinkney and Kenly were allowed three new players each. Many new faces will be seen on the mound and in the field during the remainder of the season.

All managers were requested by President Creech to send the secretary of the League, Mr. McRacken, of Kenly, the names of the new players added to the various clubs.

Herbert Grizzard, Jr., of Kenly, was named publicity manager of the league.

Attend the next home game and see the new players in action.

AN APPEAL

The Selma Woman's Club has received the following appeal from London, England:

"I am appealing to your Club after months of air-raids that have left us the only large maternity hospital in London, because your Members might generously wish to aid us.

"One of our Nurses' Homes was 'hit' and it has rained 'incendiaries.' Here, in England's largest maternity and infant hospital, 'Queen Charlott's of London,' we know the courage of our mothers-to-be, their husbands absent, fighting for Freedom's cause. Very poor, they can only contribute Life.....For Life must go on. A child is born.....

"We give each mother free care, the finest dietary, anaesthesia and nursing, and our steel-helmetted nurses often reach them under gunfire, driving cars with anti-shrapnel mattresses on the roofs.

"Our Patron, Queen Elizabeth, has congratulated us on the wonderful response to our American appeal, while Mr. and Mrs. Winston Churchill attended our dinner.

"Bringing the new Life into the world and aiding it until 5 years old, costs this unendowed hospital about \$8000.

"Would your Members answer the cry of these little beings.....in danger now.....by collectively sending us a check (by air-mail) with the enclosed Form.

"Yours very gratefully,
"SEYMOUR LESLIE,
"Secretary-Superintendent."

Underground (Warner)—One of the best of the pictures dramatizing the fight within Germany against Nazism. The theme concerns the illegal radio broadcasts attacking the Neza regime and calling on the German people to rid themselves of their present rulers. The activities of the Gestapo in running down the broadcasts and its brutality in dealing with the promoters of the freedom stations are graphically shown. Wanted Immediately

The Raleigh Local Office of the North Carolina State Employment Service has several openings for trainees in welding classes which are starting at North Carolina State College next Monday, August 11, 1941. Interested persons are NOT to contact the College, but are requested to immediately contact the Raleigh Local Office at 118 West Martin Street in person or by telephone regarding these classes. The duration of the classes will be nine weeks, consisting of forty hours per week training which will be free. The classes are held the first five days of the week from 7:00 a. m. to 3:00 p. m. All materials are furnished by the Vocational Educational Department of the College, under the direction of Professor E. W. Ruggles. The only expense involved will be board and room which can be obtained near the College at a rate of approximately \$1.00 per day while completing these classes. There are educational minimum 10th grade requirements; age range is from 18 years upward. There are certain physical requirements which have to be made, such as good eye sight, a steady hand and a good general physical condition. Persons with handicaps which will not affect their work in welding when they become journeyman welders will be considered. No wages will be paid the students while taking this training with the exception of those trainees who are now on WPA certified payrolls. They will continue to receive their regular WPA earnings while receiving the training.

In order to gain admission to the classes it is necessary for applicants to take certain aptitude tests which will to a certain degree determine their suitability for the particular type of training given, and this makes it mandatory that they contact the local office immediately as suggested above, in order that arrangements may be made for the administration of these tests this week so that they can enter the classes at the beginning next Monday morning.

Raleigh Office.

Five-Day School For Training School Bus Drivers Begins Aug. 11

While Johnston County has a good safety record in the transportation of school pupils, the Board of Education of Johnston County with the assistance of the Safety Department under the direction of Ronald Hocutt will conduct a five-day school for training school bus drivers for the coming year beginning on August 11 and going through August 15.

All bus drivers, substitute drivers, and those that expect to become of age and drive during the year must attend the drivers' schools on the dates indicated below. The school will be conducted at the Smithfield school.

On August 11 all drivers, substitute drivers and prospective drivers during the coming year from the Four Oaks and Glendale Schools will be taught.

On August 12 drivers from the Meadow, Benson and Princeton School will be taught.

On August 13 the drivers from the Micro, Kenly, Selma and Cleveland Schools will be taught.

On August 14 the drivers from the Pine Level, Corinth-Holders, Archer Lodge, Clayton, Wilson's Mills and Smithfield will be taught. And on August 15 all Negro drivers from the County will be taught.

All classes will begin each day at 7:30 A. M., and last all day, dinner being provided for the students.

All drivers, substitute drivers and prospective drivers, that is those who will become of age during the year and expect to drive during the coming school term, should apply at the Superintendent's Office in the courthouse in Smithfield any day on or after Monday, August 4, and get an application blank for registration in this school along with literature which will be necessary for the drivers to study before they can pass the examination.
