Mrs. B. L. Godwin and Mrs. Stella Braswell are spending some time at the Godwin Cottage at Atlantic Beach.
Mr. and Mrs. Walter Godwin spent the past week end at Atlantic Beach.
Grover Godwin is undergoing examination and treatment at Rex Hospital. His friends hope for him a speedy recovery.
Mr. and Mrs. Doc R. Oliver and children and Mrs. N. W. Creech have returned home after spending some time at Wrightsville Beach.
Mrs. John A. Wall and son are living in Pine Level where Mrs. Wall is a member of the local school faculty. Their many friends welcome them.
Mrs. D. B. Oliver, Mrs. Minnie Brown, Mrs. N. W. Creech, Mrs. Doc R. Oliver and children shopped in Goldsboro Friday. Mrs. Creech went to Snow Hill to visit her daughter, Mrs. Gerald Sylvan.
Mr. and Mrs. Doc R. Oliver and children visited friends in Clayton Sunday.
Mr. and Mrs. Street Jones spent the week end at their cottage at Carolina Beach.

STATE MISSIONS OBSERVED

The W. M. S. of the Missionary Baptist Church held its regular meeting Monday afternoon at the Church. Mrs. D. B. Oliver, president, opened the meeting. Mrs. Doc R. Oliver, leader of the month presented the program on the subject, "He That Readeth." At the conclusion of the program, a special program on State Missions was observed. Those taking part on this program were Mrs. D. B. Oliver, Mrs. Floyd C. Price, Sr., Mrs. Minnie Brown, and Mrs. Mary E. Godwin. A special offering was taken for State Missions.

HONORED WITH BIRTHDAY DINNER

Mrs. D. B. Oliver, whose birthday is September 5, was honored on Monday evening, when her son, Doc R. Oliver entertained for her at Griffin's in Goldsboro. Barbecue chicken were enjoyed followed by the serving of a beautifully decorated birthday cake presented to the honoree.
Guests included Mrs. D. B. Oliver, honoree, Mr. D. B. Oliver, Mrs. Minnie Brown, Mr. and Mrs. Doc R. Oliver and children, Judy and Berry.

During the last four years the percentage of brucellosis among cattle in the United States has been declining until this year it is down to 3.5 per cent, according to the Bureau of Animal Industry, U. S. Department of Agriculture.

Wilson's Mills

Mrs. Wade Brady, of Raleigh, spent last Wednesday with her mother, Mrs. Clara Massey.
Miss Christine Jones, of Raleigh, was at the home of her parents for the holiday week end.
Mr. J. T. Holt left Monday to make his home with relatives in High Point.
Mr. and Mrs. Joe S. Underwood, of Raleigh, were visitors here last week.
Miss Mae Wilson has returned from a visit to friends at Swade's Ferry.
Mr. Noah Wilson, Jr., spent the week end in Durham.

Mrs. H. E. Mitchiner is spending several weeks in Atlanta.
Mrs. Margaret Greer, of Indian Springs, Ga., has been a recent guest of Miss Meta Barnes Uzzle.

MRS. COTTON HOSTESS TO LOCAL TEACHERS

On last Wednesday afternoon after the local teacher's meeting, Mrs. S. R. Cotton was hostess to the teachers at her attractive home here.
Fall flowers were predominant in both living room, and the dining room where dainty and attractive refreshments were served with coca-colas.
This delightful occasion has been observed by Mrs. Cotton for several years. The teachers are indeed grateful for her consideration and thoughtfulness.
Mrs. J. E. Anderson of Florence, S. C., and Mrs. M. V. Clark were special guests.

PROGRAM OBSERVED

On Sunday evening at the local Christian Church a "Student" program was observed.
Mr. John A. Wilson was the splendid leader of the devotional hour, and the announcements. Psalm 91 was read. Mr. D. H. Stephenson offered the evening prayer.
Miss Mae Wilson who will re-

BACK-TO-SCHOOL

Dark cottons for late summer wear and for the first days back at school are the choice of both the high school and collegiate crowds. This young collegienne chooses a dark cotton plaid designed by Toby Lane of St. Louis for a neat outfit that will rate her an A plus in fashionology.

turn to A. C. College for the second year gave an excellent review of life on the college campus; the various activities, religious, social, and the wholesome atmosphere of college friends.
Following Miss Wilson's talk Mr. S. R. Cotton, principal of the local school, made a most inspiring address on "Education." Mr. Cotton defined education as the builder and guardian of our civilization. He listed the benefits of a college education thusly: (1) mind training (2) association with fellow students (3) spiritual life (4) ability to render service.

The speaker stated he wished to give in his opinion, but not in order of importance, the four professions of greatest service; name-

ly, doctor, teachers, nurses, the Wilson's Mills school last spring. Miss Stanley will enter A. C. College, Wilson, this fall.

Mr. Cotton insisted that college gave one a cultured background. College, he stated, should teach one not to want to live in any situation that will not build up that culture.
"Life's reward does not lie in the financial gain, but in the reward of influence, progress, and character building," Mr. Cotton said.

CAMERA TOPICS
by T. T. Holden*

An interesting idea properly executed makes this Speed Graphic photo by Jane Merritt a prize-winner. Many novel approaches to commonplace subjects are suggested by studying Hollywood's movie techniques.

STUDY MOVIES TO IMPROVE YOUR PHOTOGRAPHS

Next time you have the misfortune to see a movie that doesn't appeal to you, forget about the plot and the actors and concentrate your attention on the photography. You can pick up some interesting tips this way that can help you improve your still pictures.
First notice the way the camera roves from close-ups to longer views and wide-angle shots. You'll soon see that there is nothing haphazard about this. Each camera position has a definite purpose—as it should in your pictures.
Long shots establish the locale and import of the scene. Medium shots selectively focus attention, while close-ups register emotion and important detail. Constant variations of these positions keep your interest active by providing a change of pace.
Notice how the camera sometimes focuses on an actor speaking and other times on the listener. In still pictures, too, reactions are often more interesting than the action that causes them.
Watch too how angles are utilized to dramatize scenes—how seldom the familiar eye- or waist-level camera position is used unless there is a good reason for it.
You can also pick up some good pointers on lighting from motion pictures. While the equipment Hollywood uses may seem a far cry from your two floodlamps, the principles involved are basically the same. In your work you can achieve many of the same effects with simple equipment—and do wonders for your pictures.
Space won't permit a thorough discussion of the many ideas and helps still photographers can learn from the movies. But next time you are bored with a picture, see how many interesting tips you can pick up from a little observation and analysis of movie photography.

We haven't been fiddling...

In the past ten years, the Southern Railway System has spent more than \$150 million for new locomotives and cars.
We bought 643 modern Diesel locomotive units, 17,609 freight cars of all kinds and 145 lightweight streamlined passenger cars. On top of that, additional thousands of cars have been built or rebuilt in our own shops.
But this is only part of the story. Other millions have been spent to improve roadway and track...to build new bridges and shops...to enlarge and modernize yards.
This betterment program will continue. Because we know that in the future, as in the past, a strong, progressive Southern Railway System will be an important factor in the growth, progress and strength of the Southland...and of all America.

Ernest E. Norrod
President

SOUTHERN RAILWAY SYSTEM
