PLANT OFFICE NEWS**

By Harrell Rick and Glenda Davis

Another snow has fallen today — and although it is very pretty — most of us here are looking forward to spring.

Harrell Rick

Glenda Davis

After spring, vacations can't be far behind. The past three months have been a very busy time for all of us. We hope that anyone who comes to visit us won't get lost. Most of our offices and personnel have been relocated. The new face at the receptionist's desk is Jean Keasler. Jean is replacing Judy Jones who has taken another job in the office. As we are losing old friends and gaining new ones, we would like to bid farewell to Judy Fowler and Willie Wallace. Willie is transferring to the Main Office. We wish her the best of luck on her new job. After 12 years with A & E, Millie Miller will be leaving us at the end of March. Millie just wants to be a housewife for a while.

At the same time, we would like to welcome our new employees. Lois Connell is employed in our Customer Service Dept. She attends Cooks Memorial Presbyterian Church. Lois says she has no certain hobbies — she just likes everything. Mickey Thompson is a new member of our secretarial staff.

A belated welcome to Jerry Bostic of our Plant Office. Jerry and his wife reside in Charlotte. They are both part-time students at Belmont Abbey College. Jerry is a member of the Technical Service Department.

Thread Shipping has several new faces. — Kathy Perkins and her husband reside in Mt. Holly. They have one child. Lola Rogers transferred to shipping from Dyed Yarn Winding. Rhonda Barnes has joined the Shipping Office Staff. Rhonda is single and lives with her parents in Stanley. Her hobbies are sewing and having fun.

We leave you with this closing — Allan Davenport wants everyone to know that "Old Chief" (his dog) has gone to the happy hunting ground.

See you next issue!
