

## The "Entre Nous" Club of Kinston

Pictured are the members of the "Entre Nous" club. This club which is composed of young matrons of Winston, N. C., was organized March 2, 1948.

Its original founders have as its objectives to promote character building, cooperation in religious teachings and fraternal love in the group and community. The goal is to secure funds to promote the social and economic welfare of underprivileged children in the community.

For weeks the group was puzzled as to the choice of a name of the said organization. The final decision was reached in the name of "Entre Nous." (among us.) The group agreed that the significance of this name would carry a fraternal tie, and would bring harmony unity, and social relationship among the future mothers of this vicinity.

Since that time, to meet the need of a changing social order the club has been very active in promoting community activity programs; such as the "Christmas Seal Drive, March of Dimes," and Community Chest Drive, and all other programs for the betterment of the Community and general welfare at large in its social economical, and political developments.

The group has included a scholarship in its budget for the year 1949-1950.

The club recently observed its third annual anniversary by presenting its members in a one hour program at the St. Augustus A. M. E. Zion Church on Sunday March 27, 1949.
