PRESIDENT'S MESSAGE

our people generally through legislation, enforcing school attendance, providing better housing and recreation, living better lives as examples for children were among the items mentioned in the messages

Burning the mortgage on the National Headquarters building certainly represented years of anxiety and effort on the part of club women throughout the country.

On several occasions different dignitaries of our race from various fields as well as those of the opposite race and from foreign countries were given awards and expressed their appreciation. Surely the policy of the National Association "to promote racial amity throughout the world" was evident.

As usual the oratorical contest and talent show by the National Association of Colored Girls was an interesting feature. Though many of the activities were pay affairs each was attended beyond capacity regardless of price.

Many of our N. C. Federated club ladies took advantage of the privilege of casting our vote for electing officers by ballot. Doing such helped us feel ourselves really a part of the convention. Mrs. Rosa L. Gragg was reelected by acclamation to serve her third
