ON THE ALERT FOR TROUBLE—Peter Lorre and Vincent Price watch as trouble develops in scene from American International's "The Raven." The Edgar Allan Poe thriller, opening Sunday at the Masonic Theater, also stars Boris Karloff.

The separates provide greater variety and flexibility by letting you mix garments.

Replacement of casual clothes may be less expensive because you can replace parts rather than the entire outfit.

The family economists note, also, that dresses (other than housedresses) appear to be winning favor over suits. Housedresses, which are decreasing in popularity, are evidently being replaced by multipurpose skirts, blouses, and slacks.

An important change in women's footwear is the high popularity of play shoes and sandals. These account for one-third of all shoes produced now, compared with one-fifth in 1947. Full-fashion nylon hosiery has declined in popularity--seamless hosiery now comprises two-thirds of total production.

## Casual Clothing Is Getting More Public Attention

American women are more and more turning to casual clothes--skirts, blouses, jackets, and slacks. And in so doing they are keeping their clothing expenditures down.

Miss Mary Em Lee, clothing specialist for the N. C. Agricultural Extension Service, says family economists cite several reasons why casual wear can be easier on the budget than more formal clothing:
