SPORTS REFLECTIONS

of Athletes and Events

If Coach Bill Klutz of the New Bern High school Bears could get his gifts from Santa Claus a few months ahead of time, we know what he would ask for.

His letter to the North Pole most certainly would list a suitable passer, a strong full-

back, and a better pass defense. These shortcomings figured in the loss last season of four Conference games by a single touchdown.

Klutz hopes to find the answer to some of his manpower problems, when an estimated one hundred boys show up for the first practice session on Thursday, August 15. From this group will be selected the varsity and junior varsity squads.

In large measure, the Bruin coach must rely on seven regulars returning from last season's ball club. Included are William Rowe (tackle) 190; Graham Dixon (tackle) 200; Tommy Marsh (guard) 165; Jimmy Shuffler (center) 165; Ashley Smith (tailback) 168; Larry Wallace (fullback) 160; and William Reil (blocking back) 165.

New Bern fans will have to take to the road quite a bit during the early weeks of the campaign, in order to see the Bears in action. The locals open at Morehead City on September 6, play host to Washington's Pam-Pack on September 13, and invade Roanoke Rapids and Jacksonville on September 20 and 27 respectively.

After non-Conference engagements at home against Goldsboro and Jones Central, on October 4 and 11, the Bruins go to Greenville the following Friday night. They will round out their season with three home games against Elizabeth City, Tarboro and Kinston on October 25 and November 1 and 8.

Incidentally, the New Bern Booster Club is still plugging away in its successful efforts

VACANCY — Replacing Bill Aster in the line this season won't be easy for Coach Bill Klutz of the New Bern High school Bears.

to give the school excellent athletic facilities. An additional five hundred seats in the stadium are being provided, thanks to the Boosters.

Real Estate

THERE IS A NEED

There is a need for every ache or pain
That falls unto our lot. No heart may bleed
That resignation may not heal again
And teach us — there's a need.

There is a need for every tear that drips
Adown the face of sorrow. None may heed
But weeping washes on the lips
Our prayers — and there's a need.

There is a need for weariness and death
Of all that brings delight. At topmost speed
Of pleasure sobs may break amid our mirth
Unheard — and there's a need.

There is a need for all the growing load
Of agony we bear as years succeed;
For lo, the Master's footprints in the road
Before us — There's a need.
