

Looking Glass—

(Continued from Page 1)

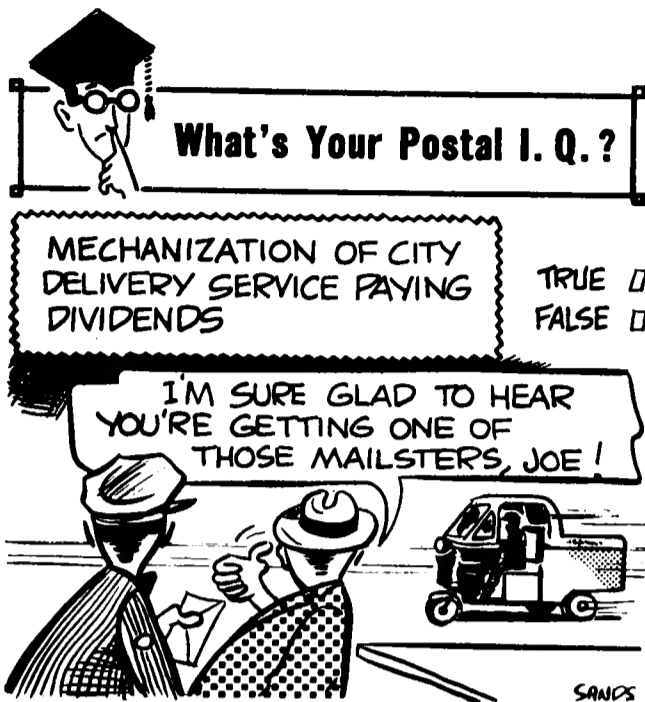

the front room at the intersection of Broad and George streets.

That room, prior to the arrival of Tommy and Terry, was occupied by a grand old gent of considerable years, the late Farney Justice. He had been paying one of his not infrequent visits to the institution to get over a bit of over indulgence, alcoholically speaking.

Margaret and her son and daughter needed the room much more at the moment than did Farney, so he good naturedly departed. Later, in recounting the situation to a few cronies who were sharing his toasting of things in general, Farney counted his blessings.

"I had a close call," he said with that delightful nasal drawl of his. Then explaining, with a snap of his gnarled fingers, he added, "I came just that close of becoming the mother of twins."

This startling revelation called for another drink, and Farney downed his straight, as was his usual custom. The incident served to emphasize the wonderful sense of humor of a colorful little man who wore his years lightly, and knew congeniality in its purest form.

MECHANIZATION OF CITY DELIVERY SERVICE PAYING DIVIDENDS TRUE FALSE

1. TRUE.—The mechanization of City Delivery Service using "Mailster" vehicles is paying dividends in the amount of one dollar per day per mechanized city delivery route. The Post Office Department now has over 12,000 Mailsters in operation and is purchasing additional vehicles as rapidly as funds permit. This type of delivery service allows the carrier to deliver small parcels and letter mail at the same time.

Safety Tips for Guns Outlined for Hunters

Many millions of Americans will take to the fields and forests this fall to hunt everything from cottontail rabbits to Canadian moose. At least 200 of these hunters will be brought back dead. They'll be killed in accidents involving guns.

Back of almost every hunting accident is one cause, carelessness. Today's Health offers some basic pointers that will help you both to return unscathed from your hunting trip and to avoid bagging a fellow hunter.

Know what you're firing at before you pull the trigger. Be certain that the rustle in the brush actually is a deer and not another hunter.

Never climb through or over a fence with a loaded gun. Unload the gun, then reload after you've crossed.

Don't shoot at a flat, hard surface. Ricocheting bullets can kill or wound at long distances.

Never look down the barrel of a gun to see whether it's loaded. You can't tell by looking down the barrel anyway, and there's always the chance of an accident.

Always carry a gun so that you control the direction of the muzzle even if you stumble. Keep the safety on until you're ready to shoot.

Keep guns away from children. Never leave a weapon unattended without first unloading it. Store guns and ammunition safely out of the reach of children.

Unload guns carried into camp or home. Keep guns cased until reaching the hunting area. Always be sure the barrel is clear of obstructions, such as mud or snow.

Alcohol and guns definitely don't mix. Avoid drinking while

you're carrying a loaded gun. Above all, treat a gun with respect. Never point it at a human. It might go off.

REAL ESTATE —

(Continued from page 6)

township. James L. Godwin and wife, Elizabeth R. Godwin; Helen A. Godwin to William R. Wager and wife, Janice G. Wagner. Property in Havelock.

Wyatt A. Holton and wife, Ruby P. Holton, et al. to John H. Game and wife, Sylvia A. Game. Property in No. 2 township.

New Bern Developers, Inc., to Guy P. Rose, Jr., and wife, Myrtle H. Rose. Property in Country Club Hills.

Addie Williams Saunders to Clara Bell Reynolds. Property in No. 8 township.

HOW CAN I?

Q. How can I make a good shampoo?

A. An excellent shampoo can be made by grinding a little cornmeal as fine as possible, then adding a small quantity of pulverized orris-root. Sprinkle this well over the scalp. Let it remain a few minutes and then brush out thoroughly.

Q. How can I remove a glass that has become stuck in another?

A. Pour cold water in the upper one to contract it, and then immerse the lower one in warm water to expand it. They can then be easily separated.

Q. How can I prevent Jelly and preserves from burning?

A. To prevent burning and to keep them from sticking to the bottom of the preserving kettle, rub the utensil with butter.

Q. How can I remove the rust and roughness from irons?

A. By rubbing them on emery paper.
