 choice. There are many that are far more unfortunate that need your help. There are many who would not know the joy of receiving, unless those who feel sad, discover the real beauty of living, by loving and giving.

I have no qualms about a commercialized Christmas. Without it Christmas might just be another service--unattended. With it, tidings of great joy have echoed around the world. The Christmas message cheers the hearts of young and old alike, of all races and religions, who open their hearts to receive it.

And as I grow older, the message changes. It becomes more meaningful, more spiritual, more precious and it will to all those who do not confuse this spirit of Christmas with the activity that is so much a part of the days leading up to the celebration of the Christ Child. Of Peace on earth--of Good will toward men. God bless, and have a wonderful Christmas.

 Here let all, Great and small  
 Kneel in awe and wonder.
