likely held at her home. The Academy and the Baptist Church were among the other meeting places. On October 17, 1818, a meeting of the Presbyterians and their friends was held in the court house to decide upon the erection of a house of worship. In 1819, they bought from Edward Graham a lot on New Street for \$1,200.00. On Wednesday June 9, 1819, the corner stone was laid, the congregation having first met in the East Room of the Academy and proceeding to their lot on New Street to lay the stone and hold suitable services.

*Christmas
Lights*

The lovely lights of Christmastime—
They make the world a glad some place!
Starlight softly drifting down,
The same that shone on Mary's face;
Tall altar-candles' golden gleam,
And firelight flickering cozily;
Dancing lights in children's eyes
When first they see the glistening tree;
Bright lamplight streaming cheerily
From doors flung wide and welcoming;
Lantern beams that bob and glow
As neighbors come a-carolling.

*The lovely lights of Christmastime—
They make the world a wondrous place,
And light our way until at last
We see the glory of His face.*
