

Washington Report

— By —
CONGRESSMAN WALTER B. JONES

The anti-war demonstrators continued their Washington attack during the entire week. I am sure an overwhelming majority of citizens feel that we should vacate our Vietnam position just as soon as possible but I question the value of the current demonstrations especially as it relates to the conduct of many of those participating.

Due to the splendid efforts of the Washington police many of whom have worked 16-18 hours per day for a period of two weeks, I am delighted to say

that apparently "law and order" won this battle.

Thursday, May 6, I had the honor of presiding as Chairman of the Subcommittee on Oilseeds and Rice of the House Agriculture Committee. This concerned legislation which would prohibit the transfer of new peanut allotments by the Department of Agriculture from one state to another.

Mild opposition was expressed by the United States Department of Agriculture; however, in view of the overwhelming support, the Subcommittee unanimously gave the bill a favorable report to be considered by the full Committee at a later date.

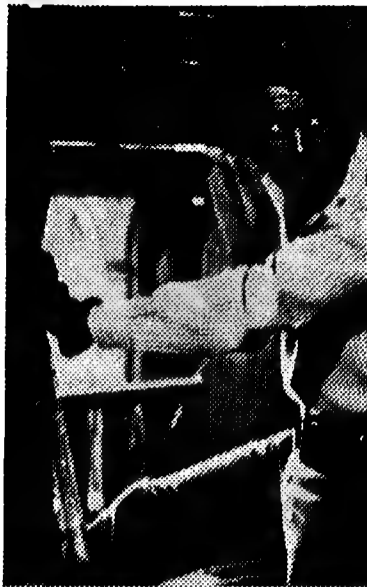

The major legislation considered by the House was a bill to increase the outstanding loan ceiling of the Small Business Administration. It would increase from \$2.2 billion to \$3.1 billion the amount of total loans, guarantees, obligations, or commitments which may be outstanding at any one time from the Business and Investment Fund of the Small Business Administration. Hopefully this will permit SBA to approve several loans which are now pending.

Another bill considered of interest as it relates to the work of the new Postal Corporation was the adding of the service of accepting applications for passports.

I voted no on this measure, for I am convinced that with the increased postal volume the system as well as the employees have as much or more to do than they can possibly do, and to add an additional burden might further adversely affect mail service.

There is a growing suspicion in the Congress that the creation of the new postal system might prove to be a

serious mistake.

It has already been announced that the Corporation will increase first-class rates from 6 cents to 8 cents, and plans to add further services at a later date, most of which are not in keeping with the original concept of the duties of the Post Office.

The final House action involved consideration of a request for the Committee on Education and Labor for permission to take a "congressional junket" into several foreign countries, including Italy, Germany, Austria, Yugoslavia, Greece, the Union of Soviet Socialist

Republics, Kenya, Ethiopia, United Kingdom, France, Israel and Poland, for the purpose of studying the educational systems of those countries, as well as welfare and pension plan programs.

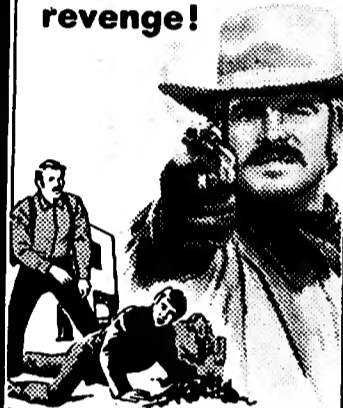

This would have included 11 Members of the Committee and three staff assistants. The

report accompanying the bill made no mention of the total cost involved; but I am delighted to report, however, that I joined with 171 other Members in refusing to accept this request, with 156 approving. Therefore, the junket, at least for this moment, has been cancelled.

CHARLES H. KIMBRELL
Candidate for Mayor

TO THE CITIZENS OF NEW BERN

Since no candidate for Mayor received a majority in New Bern's May 4th election, a runoff has been set for Tuesday, May 18th by the Board of Elections.

As one of the two candidates for Mayor, I believe New Bern's registered voters are capable of making a wise decision in filling this office.

The outcome of the May 4th election was influenced to a great degree by persons other than citizens of New Bern. I AM NOT REFERRING TO A LARGE NUMBER OF CITIZENS WHO BELONG TO A LABOR ORGANIZATION AND DO RESIDE WITHIN THE CITY.

Rather, I am talking about a vigorous and concerted telephone campaign conducted from outside the city in behalf of one of the candidates for Mayor, which had the blessing of some City Hall factions.

It is entirely possible that you may receive a friendly and polite call from someone working in my behalf, but you can rest assured the caller will give you his or her name, and will be a REGISTERED RESIDENT OF NEW BERN.

When elected it will be my policy to represent all citizens equally and fairly, without yielding to pressure by outside groups who are not privileged to vote in this or any other city election, and are presumptuous in telling you how to vote.

I am grateful for the strong support given me in the May 4th election, and will appreciate your continued support at the polls on May 18th.

Sincerely,
CHARLES H. KIMBRELL
