Information for *The Schedule* is provided by groups and organizations in the area. You may wish to double check dates and times. If your group or organization wishes to announce a meeting, please call *The Highlights* at 244-0780 by noon each Monday.

Just Open A Book...

and find--everything! "Just Open a Book" is the theme for the third annual statewide summer reading program in public libraries all over the state. The State Library sponsored program provides ideas and materials while each local library builds its own program according to community needs. A gala kickoff celebration at the N. C. ZOO in Asheboro is planned for June 19 when children under 15 will be admitted free to enjoy the zoo and a day-long storytelling festival. For details call Peggy Howe at (919) 733-5722 or Diana Young at (919) 733-2570.

North Carolina's History.....

can be traced in Military Flags--from the Guilford Courthouse Battle flag all the way to a North Carolina flag carried by an attackgroup in Vietnam's Mekong Delta. In honor of Flag Day, June 14, a display of 16 historic flags, including flags from the Revolution, the Civil War, the Spanish-American War, World War I and II as well as Vietnam will be on permanent exhibit in the N. C. Museum of History in downtown Raleigh. Flags will be rotated from time to time in the permanent exhibit. For details call Peggy Howe at (919) 733-5722.

Unemployment Declines

RALEIGH--"The unemployment rate for April declined in 88 of North Carolina's 100 counties. The jobless rate rose in 11 counties and remained the same in one," said Glen R. Jernigan, Chairman of the Employment Security Commission (ESC).

The figures released today parallel the significant decrease in the statewide unemployment rate which was 8.2 percent in April, down from 9.7 percent in March. The national unadjusted rate for April was 9.2 percent slightly lower than 9.5 percent in March.

Jernigan said, "Current figures probably result from the fact that a number of workers who were temporarily unemployed have now returned to jobs even though shorter work weeks prevail." In April, production workers averaged 37.0 hours per week, down from 37.4 in March and well below 39.0 in April 1981.

Thirty-six counties registered double-digit unemployment. Swain County was highest with a rate of 26.1 percent, an increase over 25.4 percent in March. For the third consecutive month, Swain has had the state's highest unemployment rate.

Foods Can Inhibit Iron Absorption

For many people, getting enough iron in the diet can be very difficult. And, says Dr. Mary Ann Spruill, extension nutrition specialist at North Carolina State University, it is necessary to see how well the iron requirement is met by a person's food intake.

Dr. Spruill explains that iron from meat, fish and poultry, is absorbed by humans. It is unaffected by other foods in the diet.

But another classification of iron found in fruits and vegetables, as well as meat, fish and poultry, is absorbed only about 5 percent.

In the latter case, other substances may act as inhibitors, which hinder absorption of iron, or enhancers, which help it.

Dr. Spruill says inhibitors include tea, egg, antacids, and milk, while meat and ascorbic acid are enhancers,

LCC News

KINSTON-Lenoir Community Trustees in regular session May 24 reviewed operations the past 60 days, approved line item budget adjustments and proposed a budget for 1982-83 totaling \$5,866,661.00. The board also approved some policy changes and heard administrative reports from department heads.

Chairman A. F. Waller presided. Eugene Williams offered the invocation. Dr. J. Winton Odham, vice-president for administration services, reviewed the financial operations and outlined line item budget adjustments and the new budget proposal for the board. It was noted the college this year was funded at 97 percent of the state budget allocation and that with shifts in line items the year could be completed in the black ink with little to spare. The fiscal report and new budget were approved. The proposed outlay of \$5,866,661 must yet be funded by state and local authorities but the fiscal chart is needed to plan for the new year.

Orange County, for the sixth consecutive month has had the lowest unemployment rate of 3.3 percent. Wake County dropped to 4.0 percent in April from 4.7 percent in March.

The largest increase in unemployment occurred in Davie County which registered an increase of .50 percentage points. The largest decrease in unemployment was registered in Dare County, down .96 percentage points.

Unemployment decreased in all ten of the state's standard metropolitan statistical areas (SMSAs). The Raleigh-Durham area decreased from 4.7 percent to 4.1 percent, Asheville from 9.2 percent to 8.1 percent, Burlington from 10.7 percent to 8.8 percent, Charlotte-Gastonia from 6.6 percent to 6.3 percent, Fayetteville from 8.6 percent to 7.8 percent, Greensboro/Winston-Salem/High Point from 8.7 percent to 6.9 percent, Hickory from 9.6 percent to 7.9 percent, Jacksonville from 7.3 percent to 6.5 percent, Salisbury-Concord from 7.7 percent to 6.0 percent and Wilmington from 10.9 percent to 10.1 percent.

Task Force On Drunken Drivers

The Governor's Task Force on Drunken Driving will hold a public hearing on the driving under the influence problem in North Carolina at 7 p. m., June 3, in the Superior Courtroom of the Pitt County Courthouse in Greenville.

Last year, more than 700 people lost their lives in North Carolina in alcohol-related traffic

accidents, and more than 82,000 people were arrested on DUI charges. Governor Hunt has asked the Task Force to recommend tough action on drunk drivers that he can take to the 1983 legislative session.

The public is encouraged to attend the hearing and tell the Task Force members what actions they'd like to see in those recommendations.

RE-ELECT
JOHN B.
WILLIS

FOR
COUNTY COMMISSIONER
OF DISTRICT NO. 3

Thanks for your support

I am still the people's Candidate
