

## Senators Win

1st Row L-R: Kelley Madures, Terry Morris, Chance Jenkins, Lee Johnson, Jeff Cannon, Brynn Thomas, (Bat Boy). 2nd Row L-R: David Madures, Scott Gladson, Gary Blalock, Don Hughes, Mike Mills, Guy Warmack, Joe Thomas (Team Sponsor). 3rd Row L-R: Lobo Jones, Scott Thomas, Jim Madures (Coach), Clay Jordan, Perry Morris.

In a hot gruelling battle, the Vanceboro Men's Softball Tournament ended Sunday afternoon in much despair for Ron's Body Shop. Ron's team kept their "heads up" ball handling in top condition. They went into the finals undefeated in tournament play against the Vanceboro Senators, the league's season 1st place champ.

The tournament went very well starting at 9 o'clock Saturday morning at Farm Life Elementary Park and then transferred, due to the wet field, to Brinson School in James City for the Sunday battle. A battle it was because the Senators had won their first game in the tournament against V&J and were ready to make a clean sweep but Ron's Body Shop

sent them to the loser's bracket to play V&J Billiards in semi-finals. V&J had coasted to an easy victory in their first game against Caton. It was the Senators who sent V&J to the loser's bracket early in the tournament. V&J survived the game against C&E Logging to put them in play with Pugh Dist. C&E had a forfeit from Kite's and a win over Pugh Distributors. This loss had sent Pugh to the loser's bracket. In the next contest Ron's Body Shop sent C&E to the loser's bracket and the Senators met Garris #1 and sent them to the loser's bracket. Garris #1 had cooled M&B Logging in their first game. M&B faced Kite's in the loser's bracket and advanced

L-R: Clifford Swain, dean of students at Craven Community College; Johnnie Patrick Worley, Jr., scholarship recipient; and Tom Pike, manager of New Bern Chick-Fil-a.

## Receives Chick-Fil-A Scholarship

Johnnie Patrick Worley, Jr. has received a \$1,000 scholarship from the Chick-Fil-A Corporation. Worley has been employed at the local Chick-Fil-A in Twin Rivers Mall for over two years. He has worked at least 20 hours a week, and at the same time has attended New Bern High School. Worley will use the scholarship to cover costs of books, tuition and travel for two years at Craven Community College. He is the son of Mr. and Mrs. Johnnie Patrick Worley of Bridgeton.

The Chick-Fil-A Corporation, according to Tom Pike, local manager, has awarded approximately one million dollars in scholarship funds for its employees nationwide. Pike expressed pride and interest in his young employees and says, "we try to put their education and family first, and work with them in any way we can."

Johnnie received his first training for Retailing at West Craven High School Marketing and Distributive Education. He later transferred to New Bern for his second year of MDE. His training station while in MDE was Chick-Fil-A. When asked how he felt about this honor coming to one of his former students, Mr. Richard Cannon replied, "It is always gratifying when one of your students does well in the field you have helped him train in. I knew Johnnie would be successful because he became very dependable and worked hard to do a job well."

## Question of the Week: How is your tobacco selling?

Leroy Shackelford, Ernul, N. C.

"Bad, I don't have any price support and with the red stamp the buyers are knocking it 20% lower than their normal."

Colie Miller, Sr., Rt. 2, Vanceboro

"Cheap, it is going mighty cheap but I can say what we have sold did very good. We got a little over \$2 for some the last sale. I'd say after all the charges are taken out the average is below \$1.45 per pound. It cost us at least \$600 to sell our last barn."

Alton Whitford, Ernul, N. C.

"I have done very well with what I have sold. The warehouse has bought some but most of the tobacco is going to Co-op. I'm satisfied with my sales so far."
