Combine mixed dry herbs with softened butter. Wrap well and store in refrigerator. Add a tablespoon or two to cooked vegetables or sandwiches for a gourmet touch.

Lorelei O'Quinn, Craven County Home Economics Extension Agent, demonstrated Holiday Stir-Frying, just one of the demonstrations she gave at West Craven High School last Monday to over fifteen interested homemakers. The "Foods With Holiday Flair" workshop was one of many being given through out Craven County during the pre-holiday season. You may call 633-1477 for information concerning the next presentation.

PLASTIC WRAP
Clear plastic wrap is less likely to stick to itself if you keep it in the refrigerator.
