Future Farmers Of America Attended Southern Farm Show

By HUD WEISS

The Future Farmers of America Club of West Craven High School attended the Southern Farm Show at the Raleigh Fairgrounds on Thursday, February 2. Club sponsors, Henry Pasour and Melvin Bright, along with

approximately forty-five students attended.

Viewing the farm show gave the F.F.A. members an opportunity to see exhibits such as computers used to improve farming, specialized equipment, and futuristic farm equipment. The students were allowed to visit any exhibit they wanted, but most started their day at the Jim Graham building where most of the exhibits were located.

The purpose of the trip was to view the farming equipment of today and to get an idea of how this equipment can be used for better production.
