A happy group of hard working Senior Citizens after their first Senior Citizen Flea Market held at Signs of the Times in Wilmar last weekend. A similar flea market sale will be held every weekend. # YOU CAN SAVE \$250\* ON HEATING AND COOLING YOUR HOME. ALL IT TAKES IS COMMON SENSE.

Savings based on houses with 1,500 square feet. Bigger houses save more.

kind of house can be built to what we call "Common Sense" standards. And, even though it does cost a bit more to build, your energy savings of \$20 to \$30 a month make up the difference in a hurry.

What's more, chances are, there are also a lot of ways you can save in the home you're in now. So call us or stop by.

Whatever your housing situation, we're happy to help out. Because the more you get out of your energy dollar, the more we get out of ours. And that's better for both of us.
