Yale Forestry Students Visit

Weyerhaeuser Company played host last week to a group of graduate students from the Yale University School of Forestry. The group according to Research Forester Joe Hughes is the third one from Yale to visit Weyerhaeuser in as many years. The twenty member team is on its annual southern forest tour under the guidance of Associate Professor Clark S. Binkley. During the two-day visit on May 25 and May 26 the group was given a tour of the Plymouth Solid Wood

operation and then got a first-hand look at Weyerhaeuser's High Yield Forest.

The Yale graduate students were very interested in Weyerhaeuser Company's overall approach to pine plantation management. We showed them everything from regeneration of harvested areas to the bedding, water management, fertilization, weed control and thinning which are integral parts of our intensive forest management program.

10 Years

Among the twelve Weyerhaeuser Company employees in the North Carolina Region who will be recognized this month for 10 years service are: Ora E. Massey of Vanceboro in the Timberlands group; Teryl L. Dudley of Dover at the New Bern Woodyard.

Retirement

Advertisement of Tax Liens on Real Property

Under and by virtue of the authority vested in me by Section 105-369 of the North Carolina General Statutes and the Vanceboro Board of Aldermen, I am hereby advertising the tax liens of the year 1983 upon the real estate described below. The amount advertised will be increased by interest and cost, and the omission of interest and cost from the amount advertised will not constitute a waiver of the taxing unit's claim for those items. The real estate that is subject to the lien, the name of the person to whom the property is listed for taxes, and the principal amount of the taxes are set out below. If the taxes remain unpaid, the lien will be foreclosed by the taxing unit and the property sold to satisfy the taxing unit's claim for taxing.
