## Sutton's Supermarket Has New Name

If you have looked up lately, you have noticed the new sign that adorns the front of Sutton's Supermarket. As of last week Sutton's became Sutton's Clover Farm. Mr. Walter Taylor, owner and manager, stated, "after being an independent for 37 years, I decided to go with Clover Farm so I could offer the area customers a better price on groceries throughout my store."

The move to Clover Farm has required additional facilities that were not necessary when you are an independent according to Taylor.

The original store was located on the north corner of the present parking lot, then larger facilities were needed and the present building was erected. Several years ago a major improvement was made in parking. The complete area around the present store was black topped offering unlimited parking.

The move to Clover Farm is just another of the many improvements that Sutton's has offered the residents of this area through the years, according to Taylor.
